Where else could you get a $100,000 bonus for just doing a good job?

That's right-- a $100,000 bonus for taking on one of the most challenging jobs in the brokerage business. It involves intensive training, brains, backbone, high energy, and a passionate interest in investing.

As a Merrill Lynch Financial Consultant, you'll need an ability to listen carefully, understand a client's needs, and then suggest appropriate investments. You're not selling, you're consulting. And it demands that you give your best effort--every day, all day.

Do you have what it takes to be a Merrill Lynch Financial Consultant? If you do, we'll make a major investment in you that includes a good salary, extensive support systems, and top-ranked research. And, if you're just getting into our business, we'll send you to our Financial Consultants' Professional Development Program, one of the toughest training courses in the financial community. We expect you to be very good. If you measure up to all our requirements, including best legal practices and sustained results over a ten-year period, we'll give you a bonus that could be worth $100,000.

If this sounds like an interesting job, sit down and write us a letter: Why you'd like to be a Merrill Lynch Financial Consultant. Enclose your resume, and if it looks like a good fit, you'll hear from us promptly.

The difference is Merrill Lynch.
