NOTICE OF PUBLIC HEARING

Notice is hereby given that a public hearing will be held by the Southeastern Michigan Transportation Authority (SEMTA) on Tuesday, November 16, 1976 at 10 AM at the Wayne County Building Auditorium, 400 Monroe, Detroit, Michigan, or 10 AM on Tuesday, November 16, 1976 at the Oakland County Building, Auditorium, Pontiac, Michigan, to consider the Urban Mass Transportation Administration Section 3 Capital Grant Application.

DESCRIPTION OF PROJECT

The project consists of an application for a federal grant for the acquisition of buses and vehicles maintenance tools and equipment in the Detroit Urbanized Area (UZA) for the fiscal year of July 1, 1976 to June 30, 1977. The services to be provided are to be operated directly by SEMTA and the Department of Transportation (DOT) in Detroit and DATA (Daring Area Transit Authority) in Pontiac. The vehicles and services have been in use which obtained the approval of SEMTA and DOT to continue existing routes and service. The maximum fares charged for regular adult fares are not to be changed to more than peak hour fares even on peak hours, given the receipt of additional Operating Funds prior to June 30, 1977 that will allow running of buses in non-peak hours. Special adult fares are not to be more. Specifically the project contemplates a federal operating assistance grant to be matched in accordance with federal requirements with the Regular Operating Assistance State Grant and local government funds will be applied as the required match.

SOURCE OF MATCHING FUNDS WILL BE FROM:

Municipal Operating Subsidy
Local Revenue
Miscellaneous Non-Urban Revenue

RELOCATION

No persons will be required to be displaced by the project.

COMPREHENSIVE PLANNING

The project is in conformance with Southeast Michigan Council of Governments comprehensive planning and is consistent with the metropolitan transportation development program.

FEDERALLY AND HANDICAPPED

The project specifically allows for elderly and handicapped persons to be charged not more than 1/2 of peak hour fare on non-peak hours when using a SEMTA or DATA public transportation vehicle assigned under the project.

GENERAL

The proposed project application will be available for public inspection at SEMTA Offices, 231 W. Lafayette, Detroit, Michigan, 48226.

At the hearing SEMTA will afford an opportunity for interested persons or agencies to be heard with respect to the social, economic and environmental aspects of the project.

Larry Salci,
Acting General Manager
SOUTHEASTERN MICHIGAN TRANSPORTATION AUTHORITY
