NOW AVAILABLE
Low Cost Home Improvement Loans
The Clinton National Bank & Trust Co. of St. Johns, Metropolitan National Bank of Farmington and Metropolitan Savings Association of Southfield are offering new consumer making loans to help low and moderate income people repair, improve and add fuel-saving features to their homes.
Home-owning families with gross incomes of $15,000 or less may qualify for Michigan State Housing Development Authority loans for basic improvements. For homes 20 years old or older.
Attractive interest rates ranging from only one percent to nine percent (ANNUAL PERCENTAGE RATE) depending on the home owner's income level, make it easier to finance needed home improvement projects.
Here is an opportunity to install fuel-saving insulation, storm windows, or make needed basic structural repairs at low cost. Even newer homes may qualify for some types of long-term loans.
For more information, contact one of the above local participating financial institutions.
