MICHIGAN BELL TELEPHONE COMPANY

Information About Your Telephone Service

To Transact Business with the Company

We want your business dealings with us to be convenient and pleasant. You may transact business with us by asking the operator for the Business Office or by calling in person at our office located at 23616 Farmington Road. Office hours are Monday thru Friday 8:00 A.M. to 5:00 P.M. Saturday 8:00 A.M. to 12:00 Noon. The office is closed on Sundays and on generally observed holidays.

Service difficulties may be reported by calling the operator.

If at any time difficulties are not promptly corrected or unsatisfactory conditions persist, we shall appreciate your communicating the facts direct to the Business Office.

ORDERS FOR NEW SERVICE, CHANGING OF LOCATION AND DISCONTINUANCE

Applications for new service, orders to change, add, or discontinue existing service or equipment, requests for information concerning rates, and requests for other information may be made by telephone, or by mail, or in person to the Company's business office.

BILLS AND PAYMENTS

Telephone bills are rendered once a month and are due on presentation.

When paying in person, please bring the bill with you. Telephone bills may be paid at any of the Company's Business Offices or any authorized Agency.

When paying by mail, please enclose the bill stub with your check. If the stub has been mislaid, please write your telephone number on the check.

30036007489428

town calls made during the monthly period preceding the date of your bill. Each customer is held responsible for all long distance messages originating at his telephone.

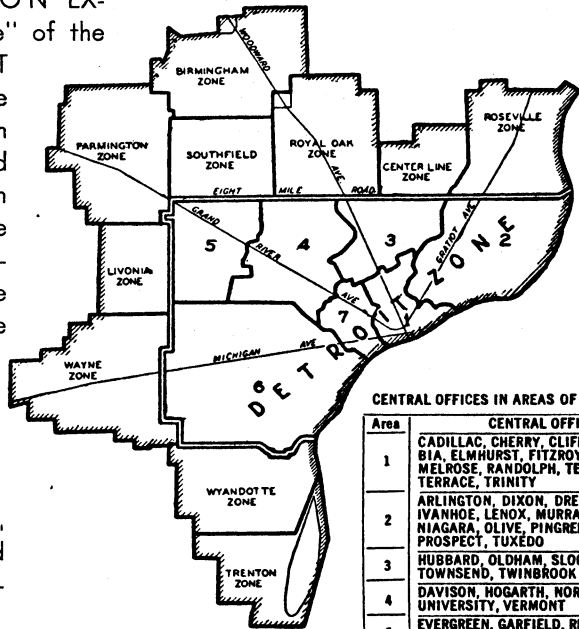

Rates for service should be obtained from the Business Office.

To Use the Telephone

1. SECURE THE CORRECT TELEPHONE NUMBER FROM THIS DIRECTORY—if the number you wish to call is not listed, call "Information."
2. Before making a call from a party line or rural line telephone, remove the receiver and listen a moment to make certain that no one is talking on the line.
3. When using a telephone equipped with a crank, after making certain no one is using the line, hang up the receiver and turn the crank to signal the Operator; then remove the receiver and listen for the Operator.
4. When the Operator answers, give the desired number slowly and distinctly in a moderate tone of voice.
5. On those telephones where a crank is used, signal the Operator when the conversation is ended by hanging up the receiver and again turning the crank.
6. If service difficulty is encountered, signal the Operator and report the condition.

Detroit District Exchange Service

The FARMINGTON EXCHANGE is a "zone" of the DETROIT DISTRICT EXCHANGE. (See Map.) Calls between FARMINGTON and the other zones shown on the map are charged for on a "message unit" basis. The number of message units applying on calls to the various zones is shown below. Each message unit represents a charge of 5c, except for "extended area service" subscribers (see page 3).

Rates for Local Service

SERVICE CONNECTION CHARGES:

Service Connection Charges apply to the installation of certain telephone services. Information concerning such charges, as well as services and equipment not listed below, will be furnished by the Business Office on request.

MONTHLY RATES FOR SERVICE—FARMINGTON ZONE

(Within the Base Rate Area)

LOCAL ZONE SERVICE:

Business, 1 Party.....	\$2.30
Business, 2 Party.....	2.00
Residence, 1 Party.....	1.75
Residence, 4 Party.....	1.45
Extension Telephone, Business.....	1.00
Extension Telephone, Residence.....	.50

Calls beyond the Farmington zone but within the Detroit District Exchange are charged for at 5 cents per message unit.

EXTENDED AREA SERVICE:

Business, 1 Party.....	\$4.50
Residence, 1 Party.....	3.25
Residence, 2 Party.....	2.75

All rates quoted above are subject to a federal tax.

Extended Area Service enables the subscriber to make calls to other zones within the Detroit District Exchange at 4 cents per message unit. In addition, in connection with residence extended area service, the monthly rate provides for service without additional charge to the Livonia and Southfield zones and the Evergreen, Garfield and Redford central offices of the Detroit zone.

NOTE: The above rates and charges were in effect at the time of issuance of this directory.

Nearby Points

YOUR OPERATOR, NOT LONG DISTANCE, WILL HANDLE TOLL CALLS AND ALL INTERZONE CALLS TO NEARBY POINTS

Station calls to points in the following list should be made by giving the desired number to the Operator who first answers. When the Operator answers give her the name of the place and the telephone number desired. Then wait with the receiver to your ear for an answer from the called telephone or a report from the Operator, as you would on a local call.

If the desired number is not known tell your Operator the name under which the telephone is listed and she will connect you to the called place for information or secure the number for you.

Long Distance Calls

A Station call is one where you are connected with the called telephone or private switchboard. When calling, if you don't know the number, say, for example,

"New York, Mr. John Jones' residence, 734 Park Ave."

If you do know the number, say, for example,

"New York, Exchange 3-9911."

Charging begins as soon as you receive an answer from the called telephone or private switchboard.

A Person call is one where you are connected with a specified person, or with a particular telephone or department reached through a private switchboard. When calling if you don't know the number, say, for example,

"New York, Mr. John Jones, 734 Park Ave."

If you do know the number, say, for example,

"New York, Exchange 3-9911, Mr. John Jones."

Charging begins when you start to talk with the particular person, extension, or department you want.

Rates may be obtained from the Long Distance operator. Between the hours of 6:00 P.M. and 4:30 A.M. and all day Sundays, reduced rates apply on Station and Person calls for which the Station day rate is more than thirty-five cents.

TO PLACE A LONG DISTANCE CALL

Call Long Distance, and when the Operator answers give her:

1. The name of the place you wish to reach.
2. The telephone number you wish to reach at that place or, if the number is not known, the name and address under which the number might be listed. Giving the number will speed the completion of your call.
3. If a Person call, the name of the person or extension number of the Private Branch Exchange to which you wish to talk.
4. If you are placing a Station call, do not specify that a person or extension of a Private Branch Exchange is desired. To do so will make your call Person service and prevent application of the lower rate.
5. When requested by the Operator, give your telephone number. Hold the line until the called telephone answers or the Operator gives a report.

COLLECT CALLS

A Collect Call is one on which arrangements are made to bill the charges for the call to the telephone number called.

MESSENGER CALLS

A Messenger Call is one on which the Telephone Company sends a messenger to summon the called party to a telephone. The messenger fee is added to the charge for the call.

General Information

Answer calls promptly so that the calling party will not be kept waiting. When answering calls, announce by name or telephone number.

Party line and rural line customers should answer only their own ring signals. If there is any confusion about the ring signals, the fact should be reported promptly to the Chief Operator.

DIRECTORY ADVERTISING

The Telephone Directory Advertising Company, 321 W. Lafayette, Detroit, is the only agency authorized by the Telephone Company to sell telephone directory advertising. It will furnish, upon request, advertising rates and other information regarding directory advertising.

ERRORS IN THIS DIRECTORY

The Company cannot and does not assume any liability because of errors and omissions in compiling this book. Sometimes, notwithstanding care and attention given it, errors will creep in. Please check your listing in the directory. If it is incorrect in any way, please call the Business Office so that it may be corrected in the next issue.

ATTACHMENTS TO TELEPHONES

This Company is responsible for giving efficient telephone service. The equipment and apparatus furnished you have been designed to produce the best telephone results. Therefore, we cannot permit the attachment of devices and so-called improvements which may prove detrimental to the service, and to protect the service the Company will request removal of any such device.

A party line, also gives you a chance

to be a GOOD NEIGHBOR!

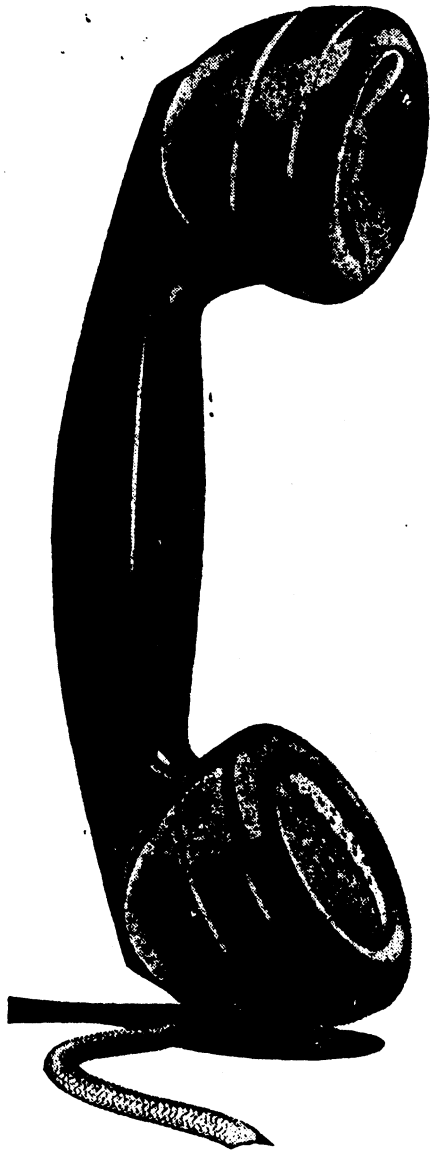

By treating others on the line as they themselves would like to be treated, good party line neighbors help to improve their own telephone service and that of the people who share it.

A GOOD-NEIGHBOR CREED

A good party line neighbor thinks of it this way: "Somebody else on my line may be waiting to make a call, so I won't talk any longer than I have to. When the line is in use and I'm waiting my turn, I won't interrupt.

When I finish a call, I'll make sure I've hung up properly, because if one instrument is left 'off the hook' it puts all the telephones on the line out of service."

STANDING UP TO A BIG JOB

The telephone came through World War II with a host of bright, new marks on its record of accomplishment. In a fast-moving conflict fought on wide land and sea fronts and in the air, it helped to coordinate the striking power of our armed forces on opposite sides of the globe, while at home it helped the nation's industries to produce weapons on a scale that won the admiration of the world.

Today, your telephone company has again turned its attention to the more pleasant job of serving a people at peace. Our aim, as always, is not only to provide the best telephone service in the world, but also to continually improve that service—a challenge we accept eagerly.

Helpful Hints for TELEPHONE USERS

ANSWER PROMPTLY

You are less apt to miss important calls if you answer your telephone promptly.

SPEAK IN A NORMAL VOICE

You can be heard most distinctly if you hold the mouth-piece close to the lips, and speak in a normal tone of voice.

KEEP PAD AND PENCIL HANDY

It often is desirable to jot down notes when telephoning. Having a pad and pencil handy makes that possible and saves time on long distance calls.

WAIT BEFORE "HANGING UP"

The person called may be unable to reach the telephone at once. Giving him plenty of time to answer may save making another call.

HANG UP CAREFULLY

By replacing the telephone receiver gently when through talking, you avoid giving the other person a "bang" in the ear.

CONSULT DIRECTORY

Referring to the telephone directory helps avoid "wrong numbers" and saves extra calls.
