"YOU GET WHAT YOU PAY FOR."

1980 RABBIT
After testing the 13 best-selling '78 cars and choosing the VW Rabbit as the favorite, that's what Car and Driver had to say. In their most gruelling battery of tests - tests of comfort, durability, economy, handling, even fun - "The Rabbit scored well in every category." The Rabbit costs more than the others, but as Car and Driver so aptly put it "...the Rabbit delivers on the investment."
