BUSINESS TRANSACTIONS WITH THE COMPANY

YOUR SERVICE REPRESENTATIVE

In the Business Office you will find a Service Representative ready to help you with all your telephone business transactions. She will arrange for new service installations, for any changes in your service, and will answer any questions you may have about your service or bill.

To Transact Any Business with the Company

BY TELEPHONE

If you wish to telephone about your bill or about your service, call the Business Office.

IN PERSON

You may transact business in person at the Farmington office, located at 23616 Farmington Road any time between 8:00 A.M. and 5:00 P.M. Monday through Friday and until 12:00 Noon on Saturday. The office is closed on Sunday and on generally observed holidays.

YOUR TELEPHONE BILL

Telephone bills include charges for local service for one month in advance of the date of your bill and for out-of-town calls made during the monthly period preceding the date of your bill. Each customer is held responsible for all long distance messages originating from his telephone.

Bills may be paid at the Farmington Office. If paying by mail, please enclose the bill stub with your check and mail to the Michigan Bell Telephone Company, 23616 Farmington Road, Farmington. If the stub has been misplaced, please write your telephone number on the check.

PLACE ALL INTERZONE CALLS WITH YOUR LOCAL OPERATOR

NOTE: The above rates and charges were in effect at the time of issuance of this directory. Hammond, Ind.
MOBILE SERVICE

Recently inaugurated, Mobile Telephone Service provides a means of transmitting calls to or from moving vehicles, such as automobiles, trucks or boats. Each mobile telephone has its own number. Conversations to and from vehicles equipped with this service travel part way by regular telephone wire and part way by radio channel.

All mobile telephone calls are handled by the Mobile Service Operator. To place a call to a mobile telephone, call Long Distance and ask for the Mobile Service Operator.

If you wish further information about mobile telephones, call Detroit, Cherry 9900, Extension 3156.

LONG DISTANCE SERVICE

STATION CALLS

A Station call is one on which you tell the Operator that you will speak to anyone at the distant telephone.

To place a Station call, tell the Operator the name of the city and the number of the distant telephone. If the telephone number is not known, give the name and address under which it is listed. For example, "I want to talk to Blanktown, Iowa, Main 2544." Or, "I want to talk to Blanktown, Iowa, the residence of Mr. John Doe, 2664 Elm Street."

Station calls cost less and are better if you are willing to talk to anyone at the distant telephone, or if you are reasonably sure that the one you want to talk to will be available. Charges on Station calls begin as soon as the distant telephone is answered.

PERSON CALLS

A Person call is one on which you specify that you want to talk to:

1—a certain individual, such as "Mr. John Doe," or
2—a certain department, such as "Purchasing Department, Jones and Company," or
3—an extension telephone reached through a private switchboard, such as "Room 435, Excelsior Hotel."

Charges on Person calls do not begin until the person you named, or a substitute acceptable to you, is on the telephone.

While Person calls cost more than Station calls, they are generally better if you must talk to a certain person and are not sure that he will be available when you call.

COLLECT CALLS

If you want the charges billed to the distant telephone, tell the operator when you place the call that it is to be a "Collect" call. She can then determine whether someone at the distant telephone will accept the charges.

There is no extra charge for Collect calls, except on Station calls with an initial rate of 20 cents or less.

NIGHT AND SUNDAY RATES

Reduced rates apply on calls to points in the United States and Canada from 6:00 P. M. until 4:30 A. M. and all day Sunday when the initial 3-minute rate is 40 cents or more on a Station call or 55 cents or more on a Person call.

OVERSEAS SERVICE

Nearly any telephone in the world is within reach of your telephone. An overseas call goes by wire to a Bell System radio-telephone station on the coast, across the ocean by radio, then by wire again to the person you are calling. The Operator will tell you what overseas points can be reached.

DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible; however, despite care and attention, errors sometimes occur.

Please check your listings when you receive a new directory. If your listing is incorrect, notify the Business Office at once so that we may change our records and do whatever we can to protect your service in the meantime.

The Company assumes no liability for damages arising from errors or omissions in free listings. Its liability, in the case of paid listings, does not exceed the charge for such listings during the life of this directory.

Etiquette for GOOD TELEPHONE USAGE

People calling the wrong number frequently our lines encumber;
If there's any doubt at all . . .
Look it up before you call.
A HINT to the WISE...

To locate where to buy the particular product or service you want, find the classification that describes it. If you can't find such a classification, look for the classification under a different descriptive name.

Then refer to the listings or ads which appear under the heading you've selected. From these you will be able to choose the firm best suited to meet your particular requirements.
Thoughtful Neighbors are...

GOOD NEIGHBORS!

Just being "good neighbors" helps a lot in getting the best service from a party-line telephone.

More and more party-line users are finding that if they keep their calls short, leave intervals between calls, and hang the receiver up carefully when they discover the line in use, others on the line will be more likely to do the same.

Party-line service is more satisfactory to all concerned when there is equal sharing of the line, and thoughtful cooperation of all users.

And remember, one receiver left off the hook can tie up a whole line.

CLASSIFIED TELEPHONE DIRECTORY

Tells Where To Buy It and Who Will Fix It!

Designed as a convenient guide to tell where to buy specific commodities or services, the list on these Yellow Pages are arranged alphabetically according to their business or professional classifications. To assist you in finding the goods or services you desire, it is suggested you select the heading most nearly representing the article or service you need. In some instances, you may find two or more headings are applicable.

After selecting the heading most closely related to the item you're seeking, refer to the advertisements or listings associated with the heading, and choose the business place you want to call.

List Your Products Under Suitable Headings

You will find that you will be giving buyers better service if you list your goods or services under all headings descriptive of the products you sell or services you render. For details about advertising or additional listings in these Yellow Pages, ask the Telephone Directory Advertising Company, 321 W. How to Speed Your Long Distance Telephone Call

It will speed your connection, if you give the operator the number of the telephone you are calling when you telephone to points out of town.

If you do not know the number, give the long distance operator the name of the person under which it probably is listed.
