We bet you can't drive it just once. The 1980 Volkswagen Scirocco has some pretty addictive features. Like acceleration (or should we say exhilaration): 0 to 50 mph in 7.5 seconds. And you should see this car at 0. Sleek, Italian styling. Plush interior. There's enough room for your entire family. That's something you can't say about your average sportscar. But then, Scirocco is not your average sportscar.
