The demand for photo plays is practically unlimited. The big film manufacturers are "moving heaven and earth" in their attempts to get enough good plots to supply the ever increasing demand. They are offering $100, and more, for single scenarios, or written ideas.

Nearly all the big film companies, the buyers of photo plays are located in NEW YORK CITY. Being right on the spot and knowing at all times just what sort of plots are wanted by the producers, our SALES DEPARTMENT has a tremendous advantage over agencies situated in distant cities.

We have received many letters from the big film manufacturers, such as VITAGRAPH, EDISON, ESSANAY, LUBIN, SOLAX, IMP, REX, RELIANCE, CHAMPION, COMET, MELIES, ETC., urging us to send photo plays to them. We want more writers and will gladly teach you the secrets of success.

We are selling photoplays written by people who "never before wrote a line for publication."

Perhaps we can do the same for you. If you can think of only one good idea every week and will write it out as directed by us, and it sells for only $25, a low figure,

NOT AN ICE WIND.

Apropos of the bumper crops of 1912 Secretary Wilson of the department of agriculture said in Washington:

"I heard a story the other day about a long-headed farmer. An auctioneer was to auction off his fields of standing grain, and the farmer said to him:

"'Purpose to goodness we have a good stiff breeze the day of the auction.'

"'A good stiff breeze? What use will that be?' asked the auctioneer.

"'Why, you must be green, young fellow,' said the farmer. 'Don't you know that when grain's waving in the breeze it looks a lot thicker—you see the same heads two and three times over.'"

"And what happened?"

"It skidded and the kiss landed on her ear."
