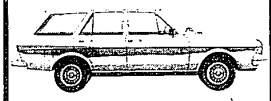
A luxurious EPA estimated 36 mpg.

THE 1980 DASHER DIESEL
It gets an EPA estimated 36 mpg and an incredible 49 mpg highway estimate. Use estimated mpg for comparisons. Your actual mileage will vary with speed, weather and trip length. Your highway mileage will probably be less. But all your mileage will be a lot more than you'll get with a Peugeot or a Mercedes.



THE 1980 DASHER DIESEL
It's big, roomy, comfortable and upholstered and that's just about all you need to know before you go shopping again.
