## LIVONIA THE DIAL TELEPHONE

### HOW TO PLACE A CALL

Lift the receiver and, if you have a party line, listen a moment to make certain that the line is not in use. If the line is being used, replace the receiver carefully and wait a few minutes before attempting to make your call again.

If the line is available you should soon hear a steady humming sound . . . hum-m-m . . . the dial tone. Be sure to listen for the dial tone before dialing, otherwise you may get a wrong number.

If you do not hear the dial tone immediately, please wait for it, as the dial tone is the signal that indicates the equipment is ready to handle your call. Then dial each figure of the number you want in order, permitting the dial to return without interference. If the return of the dial is slowed or speeded up, it may result in a wrong number.

Shortly after you have completed dialing,

### WHEN AN EMERGENCY REQUEST INTERRUPTS YOUR CONVERSATION PLEASE HANG UP QUICKLY

If your party-line neighbor comes in on the line and says, for example, "My house is on fire", please give up the line without delay. Remember, it may mean the saving of both life and property.

the bell of the telephone you are calling will begin to ring, unless the line is busy. The "ringing signal" will be heard in the receiver as a burr (pause) burr (pause). If the line you called is in use, you will hear the "busy signal", a buzz-buzz-buzz sound.

If your finger slips from a dial opening, or you make any other error while dialing, hang up and, after waiting a moment, listen for the dial tone and dial again.

Whenever your number is requested on a call, give both the name of your exchange and your number.

### WHEN THERE'S NO ANSWER

If you receive no answer—only a ringing—after dialing a number over a period of time and you have reason to believe an answer should be obtained, Dial "Operator" and ask for assistance in reaching the number. She will be glad to help you.

### CALLS TO A PARTY ON YOUR LINE

Other parties on your line cannot be identified by their telephone numbers. If after dialing a number repeatedly you continue to receive a busy signal, it may indicate that the party called is on your line.

Calls to another party on your line must be made by dialing a special code number—dialing the regular telephone number will result in the busy signal being received.

You can secure the telephone numbers and the codes of other parties on your line by dialing 7.

When you know the special code for reaching another party on your line, dial it in the usual manner, then hang up the receiver. Your bell will then ring at intervals; when the ringing stops, it is an indication that the called party has answered. Remove the receiver and start conversation.

If ringing does not stop within about one minute, it is probable that the called party is not available. To stop the ringing, remove the receiver, from the hook and then replace it.

### BUSINESS TRANSACTIONS WITH THE COMPANY

#### BUSINESS BY TELEPHONE

If you wish to telephone about your bill or about your service, dial 7 and ask for the Business Office. Calls may be made to this office without charge.

#### BUSINESS IN PERSON

You may transact business in person at the Plymouth office, located at 863 Penniman anytime between 8:00 A.M. and 5:00 P.M. Monday through Friday and until 12:00 Noon on Saturday. The office is closed on Sunday and holidays.

#### YOUR TELEPHONE BILL

Telephone bills include charges for local service for one month in advance of the date of your bill and for out-of-town calls made during the monthly period preceding the date of your bill. Each customer is held responsible for all long distance messages originating from his telephone.

Telephone bills may be paid at any Michigan Bell Telephone Co. Business Office or in Livonia at the Cecil H. Habermehl Drug Store, 32101 Plymouth Road.

If paying by mail, please enclose bill stub with your check and mail to the Michigan Bell Telephone Company, 863 Penniman, Plymouth. If the stub has been mislaid, please write your telephone number on the check.

# LIVONIA DETROIT DISTRICT EXCHANGE SERVICE

The entire territory represented by the map shown on this page is known as the Detroit District Exchange. Livonia is a Zone of the District Exchange. Calls between Livonia and the other zones shown on the map are interzone calls.

Interzone calls are charged for on a "Message-Unit" basis, the message-unit being a method of measurement. Factors such as length of conversation and the distance between the two points determine the number of message-units to be charged on such a call.

## COLLECT MESSAGE SERVICE

Messages between two stations in different zones may be placed on a collect basis, that is, may be billed to the called telephone number, provided the charges are accepted at that number and the message rate is 2 message units or more.

The charge is 25c for a message with an initial period of five (5) minutes or less, and 5c for each additional minute or fraction. No charge is made for calls not completed or when the called telephone does not answer or when the charge is not accepted.

Extended area service calls to points in the Detroit District Exchange, not covered in the unlimited calling area outlined above, are charged for at 4 cents per message-unit.

All rates quoted above are subject to a federal tax.

Service connection charges apply to installation of certain telephone services. Information concerning such charges as well as concerning services and equipment not listed above will be furnished by the Business Office on request.

NOTE: The above rates and charges were in effect at the time of issuance of this directory. They are subject to change by order of the Michigan Public Service Commission.

## LONG DISTANCE SERVICE

### STATION CALLS

A Station call is one on which you ask the Operator to connect you to a distant telephone without specifying a person or extension.

To place a Station call, tell the operator the name of the city and the number of the distant telephone. If the telephone number is not known, give the name and address under which it is listed. For example, "Blanktown, Iowa, Main 2544." Or, "Blanktown, Iowa, the residence of Mr. John Doe, 2664 Elm Street".

Station calls cost less and are

better if you are reasonably sure that the one you want to talk to will be available. Charges on Station calls begin as soon as the distant telephone is answered.

### PERSON CALLS

A Person call is one on which you specify that you want to talk to:

1—an individual, such as "Mr. John Doe", or

2—a department, such as "Purchasing Department, Jones and Company", reached through a private switchboard or

LIVONIA  
**LONG DISTANCE SERVICE**  
(continued)

3—an extension telephone reached through a private switchboard, such as "Room 435, Excelsior Hotel."

Charges on Person calls begin when the person you named, or to a substitute acceptable to you, is on the telephone.

While Person calls cost more than Station calls, they are generally better if you must talk to a certain person and you are not sure that he will be available when you call.

### COLLECT CALLS

If you want the charges billed to the distant telephone, tell the operator when you place the call that it is to be a "Collect" call. She can then determine if someone at the distant telephone will accept the charges.

There is no extra charge for Collect calls, except on Station calls with an initial rate of 25 cents or less.

### NIGHT AND SUNDAY RATES

Reduced rates apply from 6:00 P.M. until 4:30 A.M. and all day Sunday, Christmas Day, New Year's Day, and Thanksgiving Day when the call is to:

1. A Michigan point, and the initial 3-minute rate is 45 cents or more

on a Station call, or 65 cents or more on a Person call, or

2. A point outside of Michigan, but within the United States or Canada, and the rate is 40 cents or more on a Station call, or 55 cents or more on a Person call.

In determining whether the day or night rate is to apply, the time prevailing when the connection is established at the place where the call originates is used.

### OVERSEAS SERVICE

Approximately 75 countries can now be reached by telephone. You may call Amsterdam, Holland; London, England; Brussels, Belgium; Sidney or Brisbane in Australia, or Shanghai, China, as well as many other overseas points, and the cost will be \$12 for a three-minute conversation on week days. The Sunday rate to all of these cities is \$9. An overseas call goes by wire to a Bell System radio-telephone station on the coast, across the ocean by radio, then by wire again to the person you are calling.

Just call Long Distance. She will be glad to assist you in calling overseas, or other foreign points.

### ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be

furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

### DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible; however, despite care and attention, errors sometimes occur.

Please check your listings when you receive a new directory. If your listing is incorrect, notify the Business Office at once so that we may change our records and do whatever we can

to protect your service in the meantime.

The Company assumes no liability for damages arising from errors or omissions in free listings. Its liability in the case of paid listings does not exceed the charge for such listings during the life of this directory.
