SOUTHFIELD THE DIAL TELEPHONE

HOW TO PLACE A CALL

Lift the receiver and, if you have a party line, listen a moment to make certain that the line is not in use. If the line is being used, replace the receiver carefully and wait a few minutes before attempting to make your call again.

If the line is available, you should soon hear a steady humming sound . . . hum-m-m-m . . . the dial tone. Be sure to listen for the dial tone before dialing, otherwise you may get a wrong number.

If you do not hear the dial tone immediately, please wait for it, as the dial tone is the signal that indicates the equipment is ready to handle your call. Then dial each figure of the number you want in order, permitting the dial to return without interference. If the return of the dial is slowed or speeded up, it may result in a wrong number.

WHEN AN EMERGENCY REQUEST INTERRUPTS YOUR CONVERSATION PLEASE HANG UP QUICKLY

If your party-line neighbor comes in on the line and says, for example, "My house is on fire," please give up the line without delay. Remember, it may mean the saving of both life and property.

CALLS TO A PARTY ON YOUR LINE

Two Party Line Customers

Other parties on your line cannot be identified by their telephone numbers. If after dialing a number repeatedly, you continue to receive a busy signal, it may indicate that the party called is on your line.

Calls to another party on your line must be made by dialing a special code number—dialing the regular telephone number will result in the busy signal being received.

You can secure the telephone numbers and the codes of other parties on your line by dialing the Operator.

Shortly after you have completed dialing, the bell of the telephone you are calling will begin to ring, unless the line is busy. The "ringing signal" will be heard in the receiver as a burr (pause) burr (pause). If the line you called is in use, you will hear the "busy signal," a buzz-buzz-buzz sound.

If your finger slips from a dial opening, or you make any other error while dialing, hang up and, after waiting a moment, listen for the dial tone and dial again.

Whenever your number is requested on a call, give both the name of your exchange and your number.

WHEN THERE'S NO ANSWER

If you receive no answer—only a ringing—after dialing a number over a period of time and you have reason to believe an answer should be obtained, Dial "Operator" and ask for assistance in reaching the number. She will be glad to help you.

SOUTHFIELD DETROIT DISTRICT EXCHANGE SERVICE

DETROIT DISTRICT EXCHANGE

The SOUTHFIELD EXCHANGE is a "zone" of the DETROIT DISTRICT EXCHANGE. (See Map.) Calls between SOUTHFIELD and the other zones shown on the map are interzone calls. Interzone calls are charged for on a "Message Unit" basis, the message unit being a Method of Measurement. Factors such as length of conversation and the distance between the two points determine the Number of Message units to be charged on such a call. The number of message units applying on calls to the various zones is shown below. Each message unit represents a charge of 5c, except for "extended area service" subscribers (see page 4.)

Collect Message Service

Messages between two stations in different zones may be placed on a collect basis, that is, may be billed to the called telephone number, provided the charges are accepted at that number and the message rate is 2 message units or more.

The charge is 25c for a message with an initial period of five (5) minutes or less, and 5c for each additional minute or fraction. No charge is made for calls not completed when the called telephone does not answer or when the charge is not accepted.

SOUTHFIELD BUSINESS TRANSACTIONS WITH THE COMPANY

YOUR SERVICE REPRESENTATIVE

In the Birmingham Business Office you will find a Service Representative ready to help you with all your telephone business transactions. She will arrange for new service installations, for any changes in your service, and will answer any questions you may have about your service or bill.

BUSINESS BY TELEPHONE

If you wish to telephone about your bill or about your service, dial 9911, the Business Office. Calls may be made to this office without charge.

BUSINESS IN PERSON

You may transact business in person at the Birmingham office, located at 160 Martin, Birmingham, any time between 8:00 A.M. and 5:00 P.M. Monday through Friday and until 12:00 Noon on Saturday. The office is closed on Sunday and on generally observed holidays.

YOUR TELEPHONE BILL

Telephone bills include charges for local service for one month in advance of the date of your bill and for out-of-town calls made during the monthly period preceding the date of your bill. Each customer is held responsible for all long distance messages originating from his telephone.

Bill payments may be made at the Birmingham office or at FRENCHY'S MARKET 28905 Telegraph Road or at PLUM HOLLOW MKT. 21999 W. 9 Mile Rd. If paying by mail, please enclose the bill stub with your check and mail to the Michigan Bell Telephone Company, 160 Martin, Birmingham. If the stub has been mislaid, please write your telephone number on the check.

SOUTHFIELD LONG DISTANCE SERVICE

STATION CALLS

A Station call is one on which you ask the Operator to connect you to a distant telephone without specifying a person or extension.

To place a Station call, tell the Operator the name of the city and the number of the distant telephone. If the telephone number is not known, give the name and address under which it is listed. For example, "Blanktown, Iowa, Main 2544." Or, "Blanktown, Iowa, the residence of Mr. John Doe, 2664 Elm Street."

Station calls cost less and are better if you are reasonably sure that the one you want to talk to will be available. Charges on Station calls begin as soon as the distant telephone is answered.

PERSON CALLS

A Person call is one on which you specify that you want to talk to:

- 1—an individual such as "Mr. John Doe," or
- 2—a department, such as "Purchasing Department, Jones and Company," or
- 3—an extension telephone reached through a private switchboard, such as "Room 435, Excelsior Hotel."

Charges on Person calls begin when the person you named, or a substitute acceptable to you, is on the telephone.

While Person calls cost more than Station calls, they are generally better if you are not sure that the person with whom you wish to speak will be available when you call.

COLLECT CALLS

If you want the charges billed to the distant telephone, tell the Operator when you place the call that it is to be a "Collect" call. She can then

determine whether someone at the distant telephone will accept the charges.

There is no extra charge for Collect calls, except on Station calls with an initial rate of 25 cents or less.

NIGHT AND SUNDAY RATES

Reduced rates apply from 6:00 P.M. until 4:30 A.M. and all day Sunday, Christmas Day, New Year's Day, and Thanksgiving Day when the call is to:

1. A Michigan point, and the initial 3-minute rate is 45 cents or more on a Station call, or 65 cents or more on a Person call, or
2. A point outside of Michigan, but within the United States or Canada, and the rate is 40 cents or more on a Station call, or 55 cents or more on a Person call.

In determining whether the day or night rate is to apply, the time prevailing when the connection is established at the place where the call originates is used.

OVERSEAS SERVICE

Approximately 75 countries can now be reached by telephone. For example, you may call Amsterdam, Holland; London, England; Brussels, Belgium; Sidney or Brisbane in Australia, or Shanghai, China, and the cost will be \$12 for a three-minute conversation on week days. The Sunday rate to these cities is \$9.

An overseas call goes by wire to a radiotelephone station on the coast, across the ocean by radio, then by wire again to the person you are calling.

Just call Long Distance. She will be glad to assist you in calling overseas, or other foreign points.

SOUTHFIELD LONG DISTANCE SERVICE

(continued)

MOBILE SERVICE

Mobile Telephone Service provides a means of transmitting calls to or from moving vehicles, such as automobiles, trucks or boats. Each mobile telephone has its own number. Conversations to and from vehicles equipped with this service travel part

way by regular telephone wire and part way by radio channel.

To place a call to a mobile telephone, call Long Distance.

If you wish further information about mobile telephones, call Detroit Woodward 3-9900, Extension 3156.

DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible; however, despite care and attention, errors sometimes occur.

Please check your listings when you receive a new directory. If your listing is incorrect, notify the Business Office at once so that we may change our records and do whatever we can

to protect your service in the meantime.

The Company assumes no liability for damages arising from errors or omissions in free listings. Its liability, in the case of paid listings, does not exceed the charge for such listings during the life of this directory.

ENTERPRISE NUMBERS

Enterprise numbers listed in any section of this directory are only for the use of customers calling from the par-

ticular exchange in which the listing is shown.

ATTACHMENTS TO DIRECTORIES

To insure the usefulness of the directory, no attachment, holder or auxiliary cover, except such as may be

furnished by the Company, shall be used in connection with any telephone directory furnished by the Company.

A Friendly SUGGESTION...

If you have found the Classified Telephone Directory helpful as a guide to buying, tell your friends about it. Perhaps they will find the convenient listing of tradespeople useful, too, and they will appreciate your suggestion.

Many new residents, especially, have come to rely on the Yellow Pages of the Telephone Directory to help them locate the dealer who can serve them best, or to find who handles the brands of goods they want.

The Classified tells who's who in local business. Its listings are made up of alert merchants and service concerns that stand ready to serve you and your friends.

Helpful Hints for TELEPHONE USERS

ANSWER PROMPTLY

Many telephone calls are important! You are less apt to miss calls if you answer your telephone promptly.

SPEAK IN NORMAL VOICE

You can be heard most distinctly if you hold the mouthpiece close to the lips, and speak in a normal tone of voice.

KEEP PAD, PENCIL HANDY

To jot down notes when telephoning, keep a pad and pencil handy. They help save time on your long distance calls, too.

WAIT BEFORE HANGING UP

The person called may be unable to reach the telephone at once. Give him plenty of time to answer—save making another call.

HANG UP CAREFULLY

By replacing the telephone receiver gently when through talking, you avoid giving the other person a "bang" in the ear.

CONSULT DIRECTORY

Referring to the telephone directory for correct numbers helps avoid "wrong numbers" and often saves extra calls.
