This car has passed our 16-point safety and performance test.

Introducing a used car guarantee. It doesn't come with every car.

It's a 100% guarantee. Not one of those "we pay half-you-pay-half" deals.
And it comes only with used cars that pass the Volkswagen 16-point Safety and Performance Test.
This is how it works. When we get a car as a trade-in, we give it the inspection. Check it out completely. If it passes, we tune up, tighten, repair or replace everything that needs tuning up, tightening, repairing or replacing.
Then we guarantee it: 100% repair or replacement of all major mechanical parts* for 30 days or 1000 miles.
What kind of cars get our guarantee sticker? Chevys. Fords. Ramblers. VW's. (We get all kinds of trade-ins for new Volkswagens.)
So. The next time somebody tries to sell you a used car that's "just like new," ask about the guarantee. Then remember us.
No, our used cars aren't "just like new." No used car can be. But no used cars could be in better shape, either.
