YOU RARELY SEE
USED SAABS FOR SALE
BECAUSE THERE'S
RARELY A REASON TO
SELL THEM.

The longer Saab owners hold on to their cars, the more they like them.

But that's no surprise when you consider what there is about a Saab to like.

For superb performance, Saabs are equipped with a fuel-injected engine that combines excellent drivability with the economy of 4 cylinders.

When it comes to cargo space, Saabs have as much room as a station wagon—up to 56.5 cubic feet.

And as far as styling goes, Saabs have no sharp angular corners, so there's no cause for air turbulence.

Even its rear end is shaped to give it efficient air breakaway.

So if you now find yourself interested in a Saab, come test drive a new one. You might not be able to get your hands on a used one.

SAAB
The most intelligent car ever built.
