The alphabetical listing for Farmington City, Farmington Township, and Novi are three separate lists. Be sure to check all lists when looking for a name. If using an automatic "search" command, it will search all pages. Notice at the top of the alphabetical listings, the words **Farmington City**, **Farmington Township**, or **Novi** have been added to identify which town would be the mailing address.

Farmington City and Township

In July of this year (1941) the Zoning ordinance was amended to permit the Michigan Bell Telephone Co. to construct a new building at the corner of Power Road and Grand River Ave.

Another project has been begun by been begun by the Kroger Co. namely the building of a new and larger Store a short distance east of the present one on Grand River Ave., and a new tenant will occupy the former Kroger Building.

The LaSalle Winery shows a large increase in business and is erecting a new addition connecting with and east of their present plant.

A new auto parking lot, facing Farmington Road, a short distance south of Grand River Ave., is being made available and will solve the parking problem for some time to come. The Plan was conceived by Mr. Lutz of the Precise Tool Co. owner of the property and will be in operation at an early date.

On June 30th, 1941 Farmington City closed another highly successful year and all of the projects contemplated, were carried out.

The Peoples State Bank Building has been purchased and re-arranged for offices, which the City Officials will occupy and has been re-named the "Municipal Building."

A new Pump Station has been installed on Shiawassee Ave. which will take care of any increased demand for water. The maintenance of roads has been given every attention also

In the Township, many new homes are being erected and the sewer and water facilities are being improved as rapidly as possible.

All of this has been accomplished without any increase in taxes and the present City and Township officials deserve a great deal of praise for their work.

The Farmington Enterprise, our weekly Newspaper has changed ownership and is now in the hands of Mr. A. Clifford Tagg and being edited by his son, Mr. James M. Tagg.

Smart, modern design is one thing that will attract your eye to a "Hamilton"—but the quality that makes a "Hamilton" the preferred gift watch is accuracy. And accuracy is a quality you can't see. You have to experience it to truly appreciate it.
