
Citation X-11

This front-wheel-drive production sports car may now be ordered through dealers. The 1981 car offers a sport package that includes a high-output V6 engine, sports suspension, larger aluminum alloy wheels, steel-belted blackwall tires, power brakes, dual sport mirrors, sport steering wheel, bucket seats, rear spoiler, sport instrumentation and black exterior accents. The sports equipment package lists for $1,497.56.

Soft-studded snow tires are legal in Michigan

Regular studded tires are banned in Michigan. Only tires equipped with soft studs — those made of a soft metal — are permitted on Michigan roads during winter.

Tires with hard studs were banned in Michigan in 1975 because highway studies showed they cut deep ruts into the surface. Such grooves increase the chance of water building up, which can lead to dangerous "hydroplaning" of tires.

The soft-studded radial ply tires commercially known as "Perma-T-Grippers" are the only ones known by state engineers to meet state road standards.

SOFT-STUDDED TIRES may be used on Michigan roads north of a line from Mason to Arenac counties from Oct. 1 to May 1. Below that line, they are permitted from Nov. 15 to April 1.

Michigan drivers who violate the law could face up to a $100 fine and/or up to 90 days in jail. State Police extend to out-of-state drivers traveling Michigan roads the same privileges for studded tires permitted in their home states.

However, Michigan drivers traveling on soft-studded tires in states where they are prohibited can be ticketed. The Auto Mobile Club of Michigan advises drivers to avoid use of studded tires in any state banning them. Studded tires are illegal at any time in neighboring Wisconsin and Ontario, Canada.

Seven other states in which studded tires are totally banned are: Florida, Hawaii, Illinois, Louisiana, Minnesota, Mississippi and Texas.

THIRTY ONE STATES allow studded tires, with varying time restrictions. The District of Columbia permits studded tire use from Oct. 15 to April 15. New Mexico permits studded tires, with no specific time limit, but law states they are permitted "only when required for safety because of . . . conditions causing a vehicle to skid," and the law is "subject to local interpretation." Utah allows tires with soft studs only, from Oct. 15 to March 31.

Eleven states have no restrictions. They are Alabama, Colorado, Georgia, Kentucky, New Hampshire, North Carolina, South Carolina, South Dakota, Tennessee, Vermont and Wyoming.

States in addition to Michigan allowing studded tires, with time restrictions are: Alaska, Sept. 15 to May 1 in the northern regions and Sept. 30 to April 15 south of the latitude 60 degrees north; Arizona, Oct. 1 to May 1; Arkansas, Nov. 15 to April 15; California, Oct. 1 to May 1.

Connecticut, Nov. 15 to April 1; Delaware, Oct. 15 to April 15; Idaho, Oct. 1 to April 15; Indiana, Oct. 1 to May 1; Iowa, Nov. 1 to April 1; Kansas, Nov. 1 to April 15; Maine, Oct 2 to April 30; Maryland, Oct 15 to April 15. Massachusetts, Nov. 2 to April 30; Missouri, Nov. 1 to March 31; Montana, Oct. 1 to May 31; Nebraska, Oct. 1 to April 15; Nevada, Oct. 1 to April 30; New Jersey, Nov. 15 to April 1; New York, Oct. 16 to April 30; North Dakota, Oct. 15 to April 15; Ohio, Nov. 1 to April 15.

Oklahoma, Nov. 1 to April 1; Oregon, Nov. 1 to April 30; Pennsylvainia, Nov. 1 to April 1; Rhode Island, Nov. 15 to April 1; Virginia, Oct. 15 to April 15; Washington, Nov. 1 to April 1, and West Virginia, Nov. 1 to April 15.

THE CANADIAN provinces of Alberta and Saskatchewan, plus the Northwest and Yukon territories, have no studded tire restrictions.
