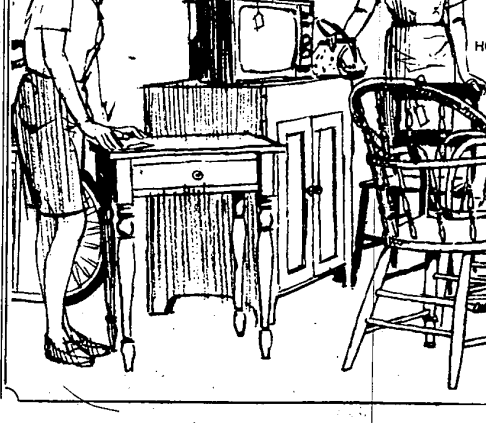
Quite an Idea is Right...

The garage sale idea has really caught on in Observerland in the past few years. With the warming temperature of the Summer days ahead, Garage Sale fever is quickly spreading and we expect the sales to be bigger than ever. And here is what some of the women holding Garage Sales last year told us about them:

"It took a little work but it was lots of fun and we sold over $200 worth of things."

"Our Church group put on our sale and we had a ball! And the money we made goes into our treasury."

"We had a terrific crowd and sold everything within one day It's a great idea. We plan to do it again."



In case you're not sure what the garage sale is all about, here's the idea. Get several of your friends (or a church or school group) to gather up the no longer used but still useful items around your homes. Then pick a date and a place (your garage, basement, patio, front or back yard will work fine) to display all this merchandise. Call the Observer Want Ad department well in advance of this date and tell one of our friendly ad-visors that you want to place an ad for a garage sale. She will help you word your ad so that you are sure to get a crowd, and she'll also give you a few tips on how to make your sale more successful. That's all there is to it. It's quite an idea all right . . . that's because it works!
