# OPEN HOUSE

**FOR EXPERIENCED DATA PROCESSING PROFESSIONALS**

**MICHCON CORPORATE HEADQUARTERS**

in the Guardian Building, 500 Griswold, Detroit, Michigan

**SATURDAY, MARCH 31 — 9:00 AM TO 3:00 PM**

## MAKE THE RIGHT CONNECTION

### Join the Men and Women of MichCon

Michigan Consolidated Gas Company (MichCon) has been in the energy business with its predecessors (starting with Detroit Gas Light Company) since 1851 when the lighting of Detroit's first gas-fired street lights at city hall drew 20,000 spectators.

Inevitably, the demand and the application for natural gas grew, so did MichCon — to an intrastate pipeline, storage and gas distribution company that serves over one million customers in Michigan. As the largest natural gas distributor in Michigan, we're providing our customers with a dependable supply of energy for today and conservation expertise to extend that supply into the future.

At MichCon, we know that it's teamwork that keeps the energy flowing — and the key to effective teamwork is communication. Information Systems is a vital communication link at MichCon. That's why we give high priority to finding and keeping the most capable and imaginative DATA PROCESSING PROFESSIONALS who can fulfill our commitment to the development of major new information systems.

With the support of state-of-the-art hardware & software, and a fine atmosphere for exceptional individual performance, MichCon is the right connection . . . for your career growth, for your security, for your job-satisfaction.

We invite you to explore the rewards and opportunities in a career with MichCon by attending our OPEN HOUSE if you are a self-starting, results-oriented,experienced DATA PROCESSING PROFESSIONAL who can fill one of the following positions:

### PROGRAMMER ANALYSTS

Solid Background in the analysis, development, implementation and maintenance of complex COBOL applications.

- Requires Bachelor's degree in Computer Science or related area or equivalent programming experience.
- Minimum of two years programming experience, one year using large computing system (IBM MVS preferred).
- Minimum of two years COBOL experience (at least one year using structured COBOL).
- Knowledge of an on-line (interactive) development and editing tool (Roscoe, TSO or CMS preferred).
- A library management tool (Librarian or Panvalet preferred).
- Structured systems design concepts.
- CICS command level desirable.
- IBM 360/370 Assembler Language coding desirable.
- IMS a plus.

### SYSTEMS ANALYST

Solid background in problem definition, feasibility studies and design specifications.

- Requires a degree in Computer Science or related area or equivalent systems analysis, design and project leadership experience.
- Minimum of three years experience utilizing COBOL (at least one year using Structured COBOL).
- Minimum of two years experience utilizing a current operating system or large computer systems (IBM MVS preferred).
- Minimum of three years large systems analysis and design experience.
- Minimum one year project leadership experience.
- Strong interpersonal skills.

Knowledge of:

- On-line applications (CICS preferred).
- An on-line (interactive) development and editing tool (ROSCOE, TSO, or CMS preferred).
- A library management tool (Librarian or Panvalet preferred).
- Structured design concepts (SDM-70 methodology preferred).

At MichCon we expect a lot from employees, but in return, employees can expect the best working environment and benefits available. Our Management Development Program is designed to identify and fully develop the talent that exists within the company. And that means abundant opportunities for your professional growth. Learn more about the challenging and rewarding world of MichCon. Our open house could be your pipeline to an exciting future with an energy leader.

**HIRING BONUS PAID FOR ALL SELF-REFERRALS.** • Data Process Management will be available for interviews.

If you are unable to attend our open house, call (313) 256-5687 for information, or send your resume to:
