DIRECTOR
Ambulatory System Network

A leading Michigan-based health center is seeking a Director for Ambulatory System Networks to manage the establishment of a network of decentralized ambulatory care facilities. This newly created position is being established to accelerate our implementation efforts.

This position requires an individual with a demonstrated ability to work and communicate successfully with the medical staff, community leaders and officials, business and industry groups and the hospital management staff.

The successful candidate will have in-depth ambulatory facility/program development experience, construction management skills and real estate acquisition and management exposure. An MBA/MHA background is preferred and HMO experience is desirable.

The position is available immediately and is based in a very desirable community in southwest Michigan. The compensation for this challenging position is highly competitive.

For confidential consideration, please send your resume with salary history and expectations to: Director, Ambulatory System Network--0056:
