WE'LL HELP GET YOU THE MONEY TO KEEP ON GROWING.

If you're finishing up your first two years of college and you've decided to go on, to complete your education, but you don't know where the money's going to come from, here's a possible solution.

The Army College Fund.

Here's how it works. You qualify to train in a skill you'd like to learn, one that entitles you to the Army College Fund. Then each month you put aside some of your Army salary. Just like a savings account. Except the government matches your savings 5 for 1 or more.

In two years, you could have $15,200 for college. Your Army Recruiter has a booklet that explains all about Army College Fund. Pick one up.
