7-4 Auto Parts, Service

EMMERT CHEVROLET Presents . . . "SHOP TRAK"
A New . . . Money Saving Time Saving Auto Maintenance And Auto Repair System That Can Be A Great Savings For You AT LAST
A system of scheduling service work. No longer will it be necessary to leave your automobile all day for one hour's work or two days for one day's work. Modern systems are expensive, costly to install and maintain and they take high quality people to administer. At Emmert Chevrolet Co., 20000 Grand River Avenue, these costs are secondary when it comes to Customer satisfaction. At Emmert Chevrolet it is not necessary to wait in a long line at sunrise to leave your auto on a first come, first serve basis. Simply call one of our specially trained service writers, explain your service needs. He will then translate this information into a close estimate of the time needed to service your car. You will then be informed of the appointments that are open that day or the upcoming days and the time that you select is YOURS AND YOURS ALONE.
This appointment system sounds simple? It isn't simple, but it works, and surprisingly enough, through efficient use of time, this system makes it possible to offer savings on service work.
For example—on all Chevrolet models our cost for labor only on muffler tailpipe exhaust was $13.50, is now $8.40. Labor only for clutch replacement was $45.00, is now $27.50. The labor only for power glide transmission overhaul was $85.00, is now $69.60. Note that these are not specials, they are now every day prices under our new system. Compare these prices with other dealer service costs!
