AFFORDABLE USED CARS
731-5020

EXPERIENCE A CAR WHOSE ONLY LIMITATION IS ITS AVAILABILITY.

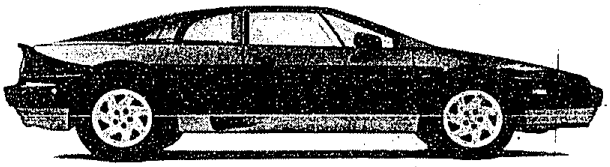
Once outside the factory, a Lotus Esprit Turbo can rocket you from 0 to 60 MPH in only 5.2 seconds and on up to nearly 160 MPH with seeming effortlessness.

Inside the factory, however, it travels at a somewhat slower pace. Each and every Lotus receives three months of meticulous assembly, hand-fitting, hand-finishing and paintwork that's nine coats deep.

While this excessive fine tuning doesn't result in an excessive number of Lotus Esprit Turbos, fewer than 500 fortunate drivers this year will discover it's well worth the effort.

To be among them, contact your Lotus dealer for a test drive. And experience a car that commands as much attention in the factory as it does on the road.

LOTUS
FOR THE FEW WHO KNOW THE DIFFERENCE



COME TEST DRIVE THE 1989 LOTUS® ESPRIT TURBO AT:
