Veterinary Technicians
Veterinary Clinic Receptionist
Are you "CAT PEOPLE"...?
There are two kinds of people in this world: cat people and well everybody else. We are definitely cat people. Our clientele are all cat people. And our patients ? They're all cats. Nothing but cats. Nary a canary, a canine or chameleon. Just cats. We're Birmingham's only cat-only veterinary hospital and have been a cat-only center located on Telegraph (twixt Berg & Health Food Store) and we're looking for a few highly qualified cat people to fill some open staff positions.
What does "highly qualified" mean? First of all, it means that you love cats and would absolutely adore the idea of spending your entire working day surrounded by the little critters. Second it means understanding that our patients' human companions sometimes need more TLC than the cats do, and that it means being able to have patience, compassion and graciousness all the while. And third, highly qualified means that you want to be a team member, and contribute to a clinical environment of uncompromising professional standards and unequalled service excellence.
If you're a Highly Qualified Cat Person (HQCP) and are also a Licensed Vet Tech or Veterinary Technician, then we hope you might be interested in one of our positions, you might even qualify without a Vet Tech degree if you've had some experience in a community veterinary setting and more or less know your way around an animal hospital.
If you're a HQCP with a great telephone style and the ability to keep your wits about you when the waiting room is full, the exam rooms are all occupied, two sick kitties are waiting patiently from an animal care suite in the rear, three customers are perched at the counter waiting for their computer-printed invoices and four phone lines are ringing off the hook - then you're just the person we need as our Clinic Receptionist!
We offer comp, salary, salary packages based on your level of experience and accomplishment. We also offer flexible schedules, a 401(k) retirement savings plan, state-of-the-art clinic facilities, a warm and interesting professional staff, a wonderful location and a terrific clientele. If you're a Highly Qualified Cat Person, follow your bliss at
