Manager
Information Technology

Individual has overall responsibility for the technical reliability (hardware/software), functional compatibility and quality for all computer and communications systems throughout Detroit.

Requires coordinating the efforts of numerous "specialty" users to ensure the most effective and efficient information flow throughout the major Detroit facilities. Individual is comprised of three primary units addressing issues related to network/PC support; communication support; and ongoing development, maintenance and operations.

Specific tasks include ongoing maintenance of all communications equipment, troubleshooting, ordering equipment and supplies, operating existing systems which support finance and related applications, responding to user requests for design requirements and handling various user inquiries as appropriate.

Bachelor's Degree in Computer Science and 5 years directly related experience. Preferred is coupled with the development years of progressive on-the-job experience as a start up changing environment or situation of innovative systems applications is desirable.

Henry Ford Museum & Greenfield Village is an equal opportunity employer and is meeting and encourage women and minorities to apply. Please send resume and history to Personnel, Henry Ford Museum & Greenfield Village, P.O. Box 1970, Dearborn, MI 48121 by August 4, 1993.
