Information Systems

GROUPWARE ADMINISTRATOR/ ANALYST
Phoenix Group, Inc. is a consultant and implementer of effective management systems supported by customized data based marketing systems. Our dynamic growth and success result from meeting and exceeding clients' expectations in providing innovative solutions to complex marketing needs throughout the world. We are looking for someone to consider applying your information management skills and talents to those in our Michigan headquarters.
To qualify you need to possess the following:
• Broad experience in the design and implementation of business applications using client server technology.
• An expert with Lotus notes, including installation and application development.
• In-depth understanding of the role of groupware in business process reengineering.
• A minimum of three (3) years experience as a programmer/analyst with project leader responsibilities and supervisory experience.
• An undergraduate degree in Information Systems or Computer Science is required, a masters degree would be a plus.
In exchange for your expertise, we offer a fine compensation package and opportunity for professional development. For confidential consideration, please send your resume and cover letter describing recent accomplishments along with salary requirements to: Groupware Administrator (LH), Phoenix Group, Inc., 24125 W. Nine Mile Rd., Suite 200, Farmington Hills, MI 48331-5638
