Responsibilities include developing new mortgage loan activity and referral relationships in the Metro Detroit area, as well as providing mortgage counseling, information and application assistance during daytime, evening and weekend hours. Salary options include base plus commission with a bi-weekly draw.
The successful candidate will be team-oriented and possess: at least one year of mortgage industry experience with a proven new business record of achievement; a minimum of one year of sales experience; excellent communication and organization skills.

Product/Project Team
Several positions are available in our team-oriented Operations Department. Successful team members will be cross-trained in various job functions, with a core concentration in training, procedural writing or project management. Requirements include:
Training concentration - At least one year of previous training experience, including design, development and delivery; excellent presentation skills, fluency in word processing, graphics and spreadsheet applications; creativity and flexibility.
Project Management concentration - A minimum of 2 years' experience with various PC Operating Systems; knowledge of basic network applications, proficiency in word processing, spreadsheet and database applications; excellent analytical and problem-solving skills in a technical environment; at least 2 years' project management experience.
Procedural Writing concentration - At least two years' experience in the research, development and implementation of policies and procedures; proven communication and organization skills; proficiency in WordPerfect and Lotus.
All positions require the ability to prioritize multiple and various stand projects in a self-directed environment; meeting deadlines and delivering a quality product. A Bachelor's degree in a related field, mortgage and project management experience are a definite plus.
