Sales People
HEM Data, Inc., a leader in data acquisition and analysis software for PCs, is actively seeking candidates for current openings in our sales department. Our Windows-based software products are used to collect and analyze engineering data in the lab, development laboratory, test table, in the field and in the factory.
Successful candidates will be aggressive achievers who are excited and challenged at the prospect of solving other professional's engineering problems and not afraid of technology.
Experience selling and/or degree in an engineering, computer or technical discipline is a plus, but not required. HEM Data considers education and experience in computer systems, mechanical engine
