INDUSTRIAL ENGINEER
Masco Tech-Braun a rapidly growing division of Masco Tech, Inc. is currently seeking an Industrial Engineer.
Qualified candidates must be degreed with at least three (3) to five (5) years' experience in the industrial engineering function. Exposure to work measurement, manpower planning, cross flow, work simplification, machine layout and utilization a must.
Responsibilities include the following:
• Planned utilization of production facilities and personnel to improve efficiency of operations
• Equipment justification and cost savings projects
• Establishes work measurement programs and makes sample observations of work to develop standards of manpower utilization
• Analyzes utilization of manpower and machines in units and develops work simplification programs in areas such as work distribution, work count, process flow, economy of work motions and layout of units.
• May prepare recommendations for reorganization of units and job duties to increase efficiency and eliminate excess processing steps and labor costs.
This position will report directly to the Plant Manager. The person we seek must be a team player and will interface closely with manufacturing, process, plant and product engineering, as well as production control and finance.
This position offers a competitive compensation and benefit package. Please forward resume to: C. Sollos, Masco Tech-Braun, 19001 Glendale Ave., Detroit, MI 48223.
Equal Opportunity Employer.
