How would this man compose a PERSONAL SCENE ad?

Perhaps something like this:

LONG-HAIRED PRINTER well known for electric persona, enjoys getting (kites) high in the rain. Revolutionary thinker, ingenious inventor, seeks like-minded travel companion for frequent visits to France.

Personal Scene Ads in The Observer & Eccentric Newspapers allow you to record a message in your own voice over the phone. That way when people see your ad in the paper, they can dial your code, hear your message, and leave a message of their own. You can call, day or night, to get your messages. It's fast, it's easy, and it helps people find out more about each other. Look in today's classifieds or call and place your own ad. There could be a printer in your future, or a trip to France, or a walk in the rain. It pays to advertise.
