Carbon Compounds

A survey of our knowledge of chemical compounds carbon reveals that ca 300,000,000 different structures are known. These compounds differ in their arrangement of carbon, hydrogen, oxygen and a few other elements.

Hot Lacquer

A special type of lacquer, which can be heated and sprayed hot for protection of some types of war equipment, is said to allow the application of much thicker coats than can be obtained normally without sacrificing any of the desirable characteristics of lacquer.

CLARENCEVILLE

The Van Camps of Brookside spent Saturday at the Detroit zoo and pass on information that flowers are still beautiful there and it's quite the ideal time of year for a trip with the children.

A reunion of the Waack family was held Sunday, Sept. 24 at the home of Mr. and Mrs. Carl Waack to celebrate their daughter Edith's furlough from duty with the Waves. Edith returned to her post near Cleveland a week ago Wednesday.

Mrs. Ryall and Mrs. Prisk were among the Blue Star Mothers who packed overseas boxes on Monday.

Jack Riddell of Oxford has been confined to his home the past week with a severe illness but is much improved.

Mr. Hederle of Oxford returned from Mt. Carmel Hospital on Sunday, where he has been confined following an accident at his shop on Grand River.

A Get-Acquainted Dance which was held at the High School on Friday night with the 11th grade acting as sponsors, was a big success.

The Parent-Teacher reception has been postponed until Friday evening, October 20. A very good program has been arranged so be sure to keep the date open.

The 8 Mile Mothers Club held their annual election of officers on Thursday, September 21 at the home of Mrs. Fred Jorgensen. Mrs. Kudla was elected president; Mrs. Cutright, vice-president; Mrs. McGlocklin, secretary, and Mrs. Carrouthers, treasurer.

Mrs. Henry DeHaake of Ontago has returned home following a lengthy visit in northern Michigan

Ethel Pink returned to Ypsilanti to resume her studies. She is a junior at Michigan State Normal College.

Pfc. and Mrs. Frank Bradshaw were dinner guests of the Henry Robertsons Friday night.

The Edgewood Mothers Club held an informal party on Saturday evening at Edgewood School for its members and escorts. Mrs. Barnes, Mrs. Riddell and Mrs. Walsh were the committee responsible for making it a success.

Botsford Inn opened its doors on Sunday and it is nice to see light beaming from its windows again.

Garrett Van Camp, son of the Pierce Van Camps of Brookside, is busily engaged in the collection of milkweed pods. Wonder how many others are doing so.

Warrant Officer Ralph Derrick and Mrs. Derrick are receiving congratulations on birth of an infant son September 13. Officer Derrick is overseas.

The Lawrasons attended a birthday party for Roy Graves at Keego Harbor on Saturday evening.

The Girl Scout leaders and committee members got their fall program under way when they met at the home of Mrs. Joseph Toth on Wednesday. A new senior troop, under the leadership of Mrs. LaFollette, is forming and Mrs. Gordon Peace is one of the new Brownie leaders. It was decided to sell Girl Scout calendars at the coming Mothers' Club Bazaar in November.

Mrs. Kenneth Swarthout fell from a high stool and hurt her back last week while in the midst of preparations for a birthday party for her mother.

Mrs. Hazen Nelson and infant daughter, Cheryl Margaret, of St. Francis, are visiting with relatives in Pennsylvania.

NOVI NEWS

G. POET & SON, Proprietors
VERNON STATE BANK, HARLEY EARL, Clerk

Nothing can surpass the joy and relief from the yoke of war that final victory will bring. But when the time comes to enjoy living again there will be many new home comforts to look forward to. Gone will be the worry of ration stamps and this thought that GAS is a war fuel to be used only when absolutely necessary. No longer will the great gas ovens in our war plants be turned full "on" to cook implements of war and those in our kitchens turned "off" to conserve this labor-saving fuel. Instead of tougher armor plate and shells it will be more tender steaks, roasts, pies and cakes. Yes, there's a great day coming when GAS, that clean, fast, wonder-FUEL will not only cook our meals, heat our homes, cool and preserve our foods and provide plenty of hot water; but it will also provide us with year 'round air conditioning.

Heating and cooling with gas through one simple air conditioning unit will be one of the most welcome postwar gifts of modern science. Buy more War Bonds today and enjoy better, happier living tomorrow.

No one knows when this war will end, but until it does, it is everyone's patriotic duty to conserve all vital material of war. GAS is a most vital material of war, it must continue to be used wisely.

1245

GAS . . . THE FLAME THAT WILL BRIGHTEN YOUR FUTURE
