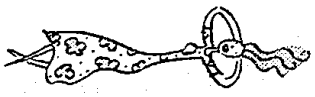
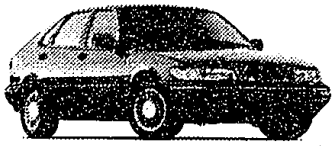
Driving a Saab may say you're free-spirited.



A Saab lease may explain why.



Find your own road.®

Light is the heart that doesn't owe heavy-duty lease payments each month. Especially when the car in question is a new Saab 900.

The 900's 49.8 cubic feet* of luggage space carries large cargo with ease. With front-wheel drive, ABS and an optional V6 engine with traction control, you're free to drive in any weather. Not to mention the peace of mind that comes with safety features like dual air bags, automatic seat belt tensioners and a state-of-the-art safety cage. If your spirit could use something to soar about, see us for complete lease details and a test-drive.

$293 PER MO.
