Band Needs New Uniforms

EDITOR:

After watching the Memorial Day parade and seeing Farmington High School Band in white shirts, while the other high school bands had beautiful uniforms, I was reminded again of the many drives the Farmington High School parents and students have conducted over the past two years to raise money for uniforms.

More than 500 letters were sent to area businessmen, soliciting money for one complete uniform ($130), or a smaller amount, if desired. About 15 were received.

We will make the plea again. If you want to provide the band and the community with something which can make us all feel very proud, send your donation to the Farmington Band Patrons, Farmington High School, Farmington Michigan. These musicians deserve our support.

The interest rate on any one bond shall be at one rate only and shall be evidenced by one coupon only for each coupon period. Bonds maturing in the same year shall bear interest at the same rate and no bond shall bear interest at a rate less than 5% of the rate of interest borne by any other bond. Accrued interest to date of delivery of such bonds must be paid by the purchaser at the time of delivery.

The said bonds will mature serially on June 1 in each year as follows:

The Township's taxing power to make such payment is without limitation as to rate or amount.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds from July 1, 1973 to their respective maturities and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Township. No proposal for the purchase of less than all of the bonds or at a price less than their par value will be considered.

A certified or cashier's check in the amount of $2,100 drawn upon an incorporated bank or trust company and payable to the order of the Township Treasurer must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid be accepted and the bidder fails to take up and pay for the bonds. It is their hope to appeal to everyone in the City, but especially to the City Council so that they can gain support to develop their various activities and services to the community to an even greater extent. NOTICE FROM CONSUMER'S POWER COMPANY CONCERNING SCHEDULED HEARING ON RATE INCREASE REQUEST. Manager Deadman outlined this request for a rate increase of $50,400,000 annually with an interim increase of $23,728,000 annually. Consumer's Power alleges that its earnings have not been at a reasonable level since May of 1972, and that increasing costs of development within the Marysville Gas Reforming Plant are responsible for this request for a rate increase. The Company further alleges 1972 earnings of 9.3% on its investments, and it believes the interim rate increase should give a return of 7.54% for 1973.

Motion by Seibert, supported by Allen, that the City Manager to prepare a resolution to the Michigan Public Utilities Commission opposing the granting of the increase as outlined.

Motion by Seibert, supported by Allen, that the Farmington City Council oppose this rate increase request of Consumer's Power Company. Motion carried, all ayes.

REPORTS FROM CITY MANAGER
City Manager Deadman submitted a proposed amendment to the City's Sign Ordinance. This proposed Ordinance was developed by the Farmington Planning Commission and would replace the existing City Sign Ordinance. The proposed Sign Ordinance has incorporated the Central Business District sign requirements and the general Sign Ordinance for the community into one consolidated ordinance. It has liberalized some of the sign requirements such as the number of signs that may be placed on any one structure; and it has become more stringent in other areas, such as size and height of signs. City Attorney Kelly has reviewed the proposed Ordinance and finds it properly drawn. After much discussion, motion by Seibert, supported by Allen to table any action on the proposed amendment to the Sign Ordinance until the next regular Council meeting. Motion carried, all ayes.

RESOLUTION DECLARED ADOPTED May 21, 1973

EMPLOYEE DEFERRED COMPENSATION PLAN
Manager Deadman outlined the Employee Deferred Compensation Plan presented by Aetna, and Charles Schenk of Aetna was present to answer Council's questions regarding the plan. Public employees may now take advantage of certain tax sheltered annuity plans according to a recent I.R.S. ruling. Under such a Deferred Compensation Plan, City employees would be able to defer a portion of their income and the tax due on that income until some future date. City Attorney Kelly has reviewed the contract documents involved in this plan and finds them in order as presented. After considerable discussion, it was the consensus of those present to defer a decision and table this matter until full Council has had an opportunity to discuss it.

MISCELLANEOUS
WATER SUPPLY & SEWAGE DISPOSAL SYSTEM FINANCIAL REPORT - THIRD QUARTER
Director Jones stated that the report for the quarter ended March 31, 1973, includes some expenses that will recur. He pointed out that there were not the usual sales of water for sprinkling purposes due to the large rainfall experienced this far. Mr. Jones indicated that there has been some income in this area from new buildings.

Motion by Seibert supported by Allen to receive and file this financial report for the third quarter ended March 31, 1973. Motion carried, all ayes.

PUBLIC SAFETY REPORT - MARCH, 1973
Captain Byrnes reported that Larceny was experiencing a 10% increase while complaints over all have gone up. Arrests were up 40% compared to the same period last year. Narcotics arrests are up among adults; juvenile arrests are about the same. When Councilman Seibert pointed out the increase in bad checks, Captain Byrnes stated that he believes many more such checks are being turned into the Detective Bureau. Capt. Byrnes said he would be sending out literature in the near future to businessmen in the community suggesting that they take stronger precautions in this regard.

Motion by Allen supported by Seibert to receive and file the March, 1973 Public Safety Report. Motion carried, all ayes.

In reply to Mayor Pro-Tem Richardson's question concerning what is being done to alleviate the problem of the tar tar that has hardened on Floral, Director Jones stated that as much as possible will be removed this week. Some sandbeds has been added to make the tar less soft, but most of it will have to be scraped out and replaced.

Councilman Allen stated he has repeatedly noticed near accidents at the exit ramp off 696 when motorists going north to Grand River. It appears to not see the light and stop at the ramp and, therefore, tend to run that light. He suggested a possible recommendation to the State Highway Department to observe this situation might be beneficial in resolving the problem, or that perhaps a flashing light might be more visible. Manager Deadman said he believes the existing light has a 12 inch head, which is the largest available, and that he believes this area is presently under consideration for redesign.

CLAIMS AND ACCOUNTS
Motion by Seibert, supported by Allen, to approve the monthly bills as submitted $7,522.25 General Fund and $1,343.80 Water & Sewer Fund. Motion carried, all ayes.

In light of the present gasoline shortage, Mayor Pro-Tem Richardson asked Manager Deadman about the current status of the City's Gasoline Contract with Standard Oil. Mr. Deadman stated that he had just received word through the School System that the City has been placed on rationing and will receive no more gasoline than was received last year. He has, therefore, issued orders to the Public Safety Department that no motor should be left running unless the particular vehicle is actually in transit. A similar directive will be issued to the Department of Public Services. Manager Deadman further indicated that he believes there should be some sort of State legislation to establish priorities in fair as public vehicles are concerned. Councilman Allen suggested that a resolution to this effect be prepared for the next regular Council meeting.

Those present agreed.
