COUNCIL PROCEEDINGS

Special Meeting
March 9, 1955

Meeting was called to order at 6:30 p.m. by Acting Mayor Conroy.

Conroy, Bates, Nourjian, Cavanaugh, present.

Lindbert, absent.

Purpose of the meeting was to reconsider request of Abe Green and Associates for permission to allow occupancy of homes on unpaved streets in Bel-Aire Hills Subdivision when and where the buyer is in desperate need for housing due to delay experienced in the completion of the project.

Mr. Green promised to conduct consistent maintenance to alleviate as much as possible any difficulty arising from the absence of pavement and sidewalks and to install temporary plank walks. A surety bond in the amount of $30,000 was deposited with the City Clerk to protect the City.

Inasmuch as these steps and conditions have been effected or agreed to, Cavanaugh moved the adoption of the following resolution, supported by Nourjian:

Resolution Regarding Temporary Certificates of Occupancy in Bel-Aire Hills Subdivision

RESOLVED BY THE CITY OF FARMINGTON:

WHEREAS, Abe Green and Rose Hill Builders have filed with the City of Farmington an Indemnity Bond in the sum of $50,000.00 conditioned upon the construction and completion of all street paving in Bel-Aire Hills Subdivision on or before October 31, 1955, and

WHEREAS, a number of buyers and/or owners of premises lying within said subdivision are in dire need of housing facilities, and

WHEREAS, Abe Green and Rose Hill Builders have agreed to acquaint owners and or buyers with probable difficulties arising from the absence of street and sidewalk paving, and have agreed to procure written statements from any and all parties who desire to occupy homes in advance of completion of street and sidewalk paving, in which proposed occupants shall express their knowledge of the above conditions and also to agree that the City shall not be responsible because of the absence of street, and/or sidewalk paving.

NOW THEREFORE BE IT RESOLVED, that upon receipt by the City Manager of an acknowledgement and agreement as aforesaid, executed by any prospective occupant of a home in said subdivision, and upon receipt of substantial showing of dire need for immediate occupancy, the City Manager be authorized to instruct the City Building Inspector to issue a Temporary Certificate of Occupancy to any such prospective occupant, subject to third and final inspection and approval by the Building Inspector of all matters in connection with any such premises, excepting only the construction of streets and sidewalks.

The above resolution was adopted and passed at a special meeting of the Council of the City of Farmington on March 9, 1955, called to consider this matter; was passed on a roll call vote, three of four members present voting yes, and one member voting no.

Mr. Green signified that installation of approved street intersection signs in the subdivision were a part of the development and same would be installed.

The purpose of the meeting having been attained, the meeting adjourned at 7:06 p.m.

Tracy L. Conroy, Act. Mayor
J. O. Tennant, Acting Clerk

School Board

(Continued from Page One)

sions of special legislation authorizing a half-mill tax levy in the county for this purpose.

A final decision on the controversial question of bus route policy was reached by the Board following a detailed study of the situation over the past months. The present state policy as outlined was adopted. The policy is that all elementary school children (kindergarten through grade six) may be required to walk as much as one mile to school or one-half mile to a bus stop. It further specifies that secondary school children (grades 7 through 12) may be required to walk up to one mile to school or to a bus stop.

Two exceptions to this policy were included in the policy adopted for the Farmington School District. They are that no lone kindergarten child shall be required to walk more than ¼ mile to a bus stop and that transportation shall be provided for physically handicapped children.

An offer was made earlier by some residents to pay extra money for special bus service where "extremely hazardous" conditions exist. This suggestion was forwarded to state authorities for consideration. They ruled such a step is illegal and not feasible.

(Editor's Note: A letter from the State Department of Public Instruction regarding the School Board's policy on school bus transportation will appear in next week's paper. Space was not available this week to run the letter.)

It was also voted that a millage tax increase should be asked for on the June ballot for the purpose of obtaining money to purchase school sites.

FAITH 'N BEGORRAH---

The blarney's really gonna fly one day this week. Shure 'n it's gonna be St. Patrick's day. With a name like Conroy you can bet yer last shilling there'll be some wearin' of the green in here. Now we really shouldn't mention the fact that we have some nice orange whole peeled apricots at 2 cans fer 49c so don't tell anybody. We'll get away from that real quick like and tell you about some Defiance cream style corn we have at 2 cans fer 29c. You know you could make a meat loaf when you can git 3 lbs. of our fresh ground beef fer $1.00 and a little of our home made pork sausage fer 39c a lb. and then scallop the corn and have everything in the oven. Or do you call it corn pudding? Same difference. Then to go on a cold roast beef sandwich when you get that good U. S. choice pot roast fer 49c a lb. there's a bottle of Defiance catsup what you get 2 of fer 35c! Fer really truly we've bin gettin' a lot of compliments on how good our fresh dressed chickens are. Have you tried one lately? If not you'll get a chance this week end cause we'll have fresh dressed fryers and stewers. Course we could hardly let the Shamrock coffee go by so here it is fer 69c a lb. Then fer butter it'll be our old standby — Vlasic — fer 59c a lb. Might kindda mention that we have some tall cans of Defiance red salmon fer 69c a can. Are yuh interested?
