Respectfully submitted,
OAKLAND COUNTY BOARD OF AUDITORS
By: R. Y. Moore, Chairman

Mary A. Pickford,
Deputy County Clerk

OLD ITEMS of by-gone years on display at Greenfield Village in Dearborn provided some interesting viewing for the Harold Johnson children of 25275 Power Road on a recent trip to the village with their parents. Mr. Johnson points out an old-fashioned light outside the General Store in the Village. This 1854 store, where everything from drugs to dry goods and household furnishings could be purchased a century ago, once stood in Waterford, Michigan.

Opposed To Tearing Up Along Farmington Road . . .

Dear Editor:

Have you driven on Farmington Road in the past three weeks?

If you feel as strongly as I do about the natural beauty of our community, you must have a sick-feeling when viewing the mass devastation that has been brought about by the simple project of surfacing the road.

What are they trying to do with our local roads—turn them into super highways so they can become race tracks for speeders?

What started out to be a simple little job of surfacing this scenic route has seemingly gotten out of hand. This was once a very beautiful drive from 10 Mile to 12 Mile Road. Now all one sees is a pile of stumps and barren hills; the work of bulldozers that have destroyed what nature took 150 to 200 years to create. Now all is gone.

Did our road committee realize what would take place and did they push for such a major project? Why? If so, I think they have lost sight of the fact that roads are necessary but so is it desirable to leave something to look at besides black ribbons in the middle of barren right-of-ways.

Everyone regrets the crushing advances of a city atmosphere. Let's keep the future road improvements under control so that we all won't think we're living on the edge of a John Lodge Expressway.

Sincerely yours,
G. S. Ellsworth

Water District Problem

EDITOR'S NOTE: The following is a copy of a letter which has been filed with the Township Board pointing out an individual hardship which will result from the setting up of special assessment water districts for the "dry areas" in the Township. The letter is being published in the Public Letter Box at the request of its writer, James G. Randolph of 24065 Middlebelt Road.

In recent months much progress has been made in the long sought after goal of water for the dry areas. Every effort of this Board has been to make the water system an actuality, with no respect whatsoever for the minority group who neither need water and sewers, nor want them. Despite their pleas, they will be bankrupt and even dispossessed of their homes.

My property fronts on 10 Mile, Middlebelt, and Moran with a total of some 300 ft. frontage. Of course no one knows exactly what the cost will be, but as property owners we will have to pay any cost it might come to. A conservative estimate would be $3,000 for my home for water and at 5% interest over a 30 year period it would amount to $5,325. The cost of sewers will be greater, which will mean that I will have a debt of over $10,000 forced on me for something I neither need nor want.

With the obligations I already have, and a growing family to provide for, I could not possibly pay this unjust tax and sooner or later I will be forced from my home. I therefore urge the Board to remove my property from the Special Assessment District 1 or make some provisions to release me from this unjust tax which in effect is tantamount to confiscation.

Please do not misunderstand my position, I do not want to deny any one water or sewers, but what fair minded person wants these improvements so badly that he would take his fellowman's home.

Sincerely yours,
James G. Randolph

Dear Sirs:

Fines have not solved moving traffic violations. Better results might be obtained by impounding the car for a few days instead. This might prove a deterrent big enough to stop some of our careless driving.

Bob and Jackie Davis are the proud parents of a son, Kenneth Robert, born Sunday, August 4, at 5:30 a.m. The baby was born at Highland Park General Hospital and weighed 6 pounds 5 ounces.

Dorothy Thorpe and daughter, Susan, spent 4 days visiting relatives in Canada last weekend. Stan and Johnny "batched it" while they were gone.

Mary Habicht was badly cut last week when she walked through a glass door at her home. Her mother took her to Redford Community Hospital at Five Points where 12 stitches were required to close a large cut in her side. It took 3 stitches to close another cut on her hand.

Mrs. Habfeht stated that she was thankful for the prompt, kind service given Mary at the hospital. She said both the doctors and nurses took care of Mary without delay or questioning as occurs in some hospitals. They have returned to the hospital twice for treatment since the accident and have received the same thoughtful attention.

She thought other mothers might like to know of this hospital in case of emergency.

Hazel De Gree has returned home from a visit with her daughter in Boston.
