What's Happening In *Your Township*

BY FRANK STEPHENSON
Township Supervisor

Not very often do we find ourselves praising the Oakland County Road Commission but we must give credit when and where due.

For many months we have waited to see a change in road supervision in this area. In late 1958, Harry Woods was transferred to District 4 (Farmington included).

Since his arrival, we are getting something done. He and his crews have been most cooperative.

The terrific ice conditions existing since the first of January have been most trying for the road crews - working around the clock many days, a shortage of salt, zero weather, etc.

Our thanks to Harry Woods and his crews.

Delaware, famous as the first state to ratify the United States Consitution (Dec. 7, 1787) is also known as the "second" smallest state in the union. Only Rohode Island is smaller.
