POOR OLD DOBBIN

His owner makes him wear blinders. They're fastened to the head gear to obscure his vision. He can't see what's going on to the right or left of him. So he plods complacently along with a glazed mind and a fixed stare. He misses pretty dishes to his left and stacks of hay to his right. He doesn't see enough of the world to use his good common horse sense. POOR OLD DOBBIN.

How about you? Are you unknowingly wearing blinders. Are you fully aware of the job opportunities surrounding you? Read on!

We are not limited to one good opportunity — that of selling the computers we manufacture and sell. NCR did 125 million dollars worth of business last year. Double that of 10 years ago. Our trained salesmen are well into the five figure income.

If you're in the 25-35 age bracket, have been to college, and would like to exploit this opportunity, we'd like to talk to you. Call during business hours or Saturday from 9-12, to arrange an interview. NCR, 2675 Scott, Detroit. Eve. interviews may be arranged. If not of town, call collect or send a resume.

We're speaking of openings in Detroit with no overnight travel. Sales experience not essential. Your caliber, however, must match our international reputation and stature. Fringe benefits are company paid.

Are you ready to take off your Blinders?
