It is better to buy a good reconditioned well known make of softener than a new one of unknown quality. These softeners have been traded in on new Reynolds Automatic softeners and we stand back of them.
It will pay you to see us before you buy any softener. Every type and size of manually controlled, semi-automatic and the wonderful Reynolds fully automatic softeners on display. You can't beat the best and you can't beat our values. Come to see us or call collect for a representative to see you.
