The number of kids it holds has never been settled.

The Volkswagen Station Wagon is a good four feet shorter than conventional wagons. Yet it holds more than the biggest wagon you can buy. (Herbert, stop that this minute!)

It holds an army of kids. Or eight adults. None of them skinny: the seats are five feet wide. All of them tall: the seats are higher than in conventional wagons. (Herbert, don't you dare!)

Take out the middle and rear seats, and you can carry a seesaw, a slide, a rocking horse. (Wait till I tell your father!)

Keep the rear seat in and you can still carry bigger, bulkier things than you could in a conventional wagon. A crib or a baby carriage. A chest of drawers standing upright. An open playpen. They fit comfortably through the wide side doors. (Herbert!)

All the way back, behind the rear seat, there's room for 9 or 10 pieces of luggage. Easy to load or unload through the back door.
