Puff your way into the joys of Prince Albert!

Go ahead, quick as you lay in a stock of the national joy smoke! Fire up a pipe or a makin's cigarette as though you never did know what tobacco bite and parch meant!

For Prince Albert is freed from bite and parch by a patented process controlled exclusively by us. You can smoke it *without* a comeback of any kind because P. A. is *real tobacco delight.*

PRINCE ALBERT

the national joy smoke

will do for you what it has done for thousands of men, not only in the States but all over the world! It will give you a correct idea of what a pipe smoke or a home-rolled cigarette should be.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made *three* men smoke pipes where one smoked before!

Get this Prince Albert pipe-peace and makin's-peace message, you men who have "retired" from pipe and cigarette-makin's pleasure; you men who have never known its solace! Because you have a lot of smoke pleasure due you quick as you pack-your-pipe or roll-a-cigarette with P. A. and make fire!

Buy Prince Albert everywhere tobacco is sold; in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever sound crystal glass humidor with its sponge moistener top that keeps the tobacco in such fine shape.
