OPERA HOUSE

We need only to mention "The Birth of a Nation" and you realize at once that we mean the best film production being shown in the United States today.

This film has, until the present time, been shown almost exclusively in New York and at last the people of Michigan are to be given the opportunity to see that about which so much has been written.

The play is one that gets us in intimate touch with conditions as they actually exist and no expense has been spared on the part of the producers to make the play complete in every detail. "The Birth of a Nation" will be shown at the Opera House the week of May 22. Make your arrangements early as seats will be at a premium.

Heroin, Opium and other drug addictions treated successfully at The Gatlin Institute.

The Gatlin Institute has given the Towne-Lambert treatment to hundreds of drug addicts during past four years. This treatment is favorably known to thousands of physicians as it has been discussed in the Journal of American Medical Association several times during past two years.

Mr. Towne went to China, gave his treatment to ten thousand Chinese within a very short period of time. The treatment is given by mouth and takes good care of the patient's nerves while under treatment. There is but little, if any, suffering. About two weeks' time is required.

**For Alcoholism**

we give the Gatlin treatment, which is a harmless vegetable compound. Hundreds of Detroit men and women making good. Three to five days required.

# A Dollar a Minute!

It takes just about ten minutes for the average man to decide on a suit or topcoat at Bond's. He saves ten dollars in that ten minutes. A dollar a minute is interesting enough, even in these prosperous times, isn't it? What hundreds of other men are doing every day, you can do.

It is merely a matter of taking a few minutes of your time to look; actually buying a Bond garment is left entirely to your own good judgment. But you will say, "I'll take that one" when you have tried on a Bond $15 Suit or Topcoat and have found by comparison that they are in every way equal to the best $25 value offered by any other Detroit clothing store.

NEVER MORE $15 NEVER LESS

It would hardly be worth the money it costs to advertise them, if Bond's Clothes could not equal Bond's claims. However, we know how satisfied you will be in wearing a Bond garment—not because of their low price alone—but because of their high quality. Men who have bought tell their friends to buy—and this endless chain of "Bond Boosters" is evidence enough of the satisfaction Bond's $15 Clothes must give.

**Auto Prices Smashed.**

A cutting of prices which is without precedent is taking place at the sales rooms of the Devlin Company. One of the representatives for this paper interviewed Mr. Zimmerman of The Devlin Company last week and learned from him that every used car in their possession must be sold before they move to their new palatial quarters. Mr. Zimmerman said that there will be no limit to the slashing of prices and everything will go at a great sacrifice rather than to move it to the new quarters. There are many cars in this lot that have only been run a few miles and these will prove rare bargains for those who are looking for an auto at the present time.

The cities of Houghton and Hancock were severely shaken last week by an "air blast" or a local earth shock.
