OLDE FASHIONED. We're a little that way when it comes to real estate salespeople. We are not really interested in the housewife with a few hours of her hands or the guy who just wants to make an extra buck. We'd like to think of our people as a professional organization with a dozen or so dedicated brokers & salespersons who take this business seriously. We have several openings, so if you think you would like to get a license with a company that still refers to their salespeople by name and not by number, give us a call
