Put Your Career In Motion with A Company That Gives You The Freedom And Resources To Turn Ideas Into Finished Products

Eaton has become a major factor in the world of motion. Eaton products move people, materials and energy. We are involved in the transmission and control of energy in virtually all of its forms.

Here at the Southfield Engineering and Research Center, we are engaged in product development and technical service activities. We probably do work for our own manufacturing divisions, but are also involved in outside contracts. Our company's products include truck and automotive components, materials handling equipment, fluid power products and electronic/electro-mechanical controls.

Our project engineers

- Develop their own project plans
- Interface extensively with manufacturing division engineers
- Work on a variety of projects and products in a results oriented atmosphere
- Have total project responsibility from concept to completion
- Suggest creative and innovative ways to solve problems
- Work in a suburban location, and receive outstanding benefits and competitive salaries

Right now we are looking for BSME-MSME graduates for challenging assignments in product development and analytical services. If you have been looking for a place where you can offer your ideas and make contributions, you should contact us immediately.

Don't let an out-dated resume hold you back from contacting us.

CALL NOW! (313) 354-5022 or 5020
