Hills CPA scores highest in nation

Farmington Hills resident Julie Ann Gannon is not only the highest scorer in Michigan for the November 1980 uniform CPA examination but the top scorer for the other 49 states, the District of Columbia, Guam, Puerto Rico and the Virgin Islands as well.

Gannon has won the Michigan Association of Certified Public Accountants (MACPA) William A. Paton Award for her scores and the Elijah Watt Sells Gold Medal by the American Institute of CPAs (AICPA). Michigan has not had a Sells Gold Medalist since 1944.

To be eligible for either of these prestigious accounting awards, CPA candidates must take all four subjects of the CPA exam at one time and receive the highest grades.

The Paton Award is given twice a year by the MACPA in honor of Professor Emeritus William A. Paton of the University of Michigan for his contributions to the accounting profession. It was established in 1961.

Gannon, a staff accountant with the Detroit office of Ernst & Whinney, is a June 1980 graduate of Michigan State University.

Gannon will be presented her Paton Award at the Metropolitan Detroit Chapter's Annual Meeting and Golf Outing in June. The Gold Medal will be awarded in Chicago at the AICPA's Annual Meeting in October.

JULIE ANN GANNON

In addition, Michigan had three winners of the Elijah Watt Sells With High Distinction Certificates for the November exam. They were Alan J. Mikal of Warren, Thomas J. Vande Guchte of Grand Rapids and Pamela Sue Zakarzecki of Rockford.

The Sells Awards were established in 1923 with the top three scorers receiving medals for their efforts.

obituaries

10 REASONS TO JETPLATE YOUR CAR
1. A beautiful, permanent protective shine. Better than new condition.
2. You never have to wax your car again.
3. Easier to wash and keep clean.
4. Protects against: Water, salt, sun, sap, road film, etc.
5. Eliminates oxidizing and fading.
6. Keeps your vinyl top and chrome looking new.
7. Assures higher resale value.
8. Jetplate won't crack, peel or discolor.
9. Jetplate is not a wax or a plastic. It's a resin sealant that is actually blended into your car's paint in a 4-step professional applied system.
10. Simple to understand written guarantee.
