ENGINEERING AND
CONSTRUCTION GRADUATE-
MANAGEMENT
Graduates are required who have approximately 3 years field experience and who now feel they are ready to use their skills in wider management responsibilities. The Company is multi-national but is establishing operations in the Southern states. There is an opportunity to commence a career during the early growth period when promotions will be rapid. The product is a major building and construction material demanding technological ability. It's production and distribution will involve management skills which we do not expect applicants to be proficient in now, however, our training will embrace these requirements. Salary will be dependent on qualifications and experience. An automobile will be provided. Please send replies to:
