numa · logic
SOLID STATE CONTROLS
They said it couldn't be done . . . but Numa • Logic did it. The reliability, power and design of our new line of programmable controllers and industrial control systems have placed our division on an exciting and aggressive growth-curve. We invite you to become part of our future.

ELECTRONICS DRAFTSPERSONS
Openings exist at several levels for individuals experienced in drafting electronic schematics, parts layouts, wiring diagrams and sheet metal drawings. Requires a minimum of two years relevant experience.

TECHNICAL WRITERS
Several positions exist for individuals with technical degrees and proven writing capabilities. You will develop and write user manuals, advertising material, product specifications, proposals, training programs and other marketing communication materials. Electronic solid state systems familiarity is desirable. Degree required.

ELECTRONIC BUYERS
BSEE and/or two years experience either vending or procuring electronic components and assemblies. Must be an effective results-oriented communicator. Capable of independent negotiations. Career opportunity throughout the company for the successful candidate.

SYSTEMS ENGINEER
Various positions are available which involve custom systems design of control products for industrial applications. The successful candidate will integrate customer requirements with Numa • Logic components to design entire control systems while maintaining cost and schedule control. Positions require a BSEE with digital electronics emphasis or a two year technical certificate and a minimum of two years experience. A working knowledge of programmable controllers is desirable.

A comprehensive range of personal benefit programs, competitive salaries commensurate with experience; and an opportunity for challenging professionals and technical growth are a part of your Westinghouse Numa • Logic career.

Please send resume in confidence to:
