Mechanical Engineers and Designers

KMS Fusion, Inc. is a research organization involved in a wide variety of government and commercial projects, including lasers, cryogenics, x-ray instrumentation, holography, biological instrumentation and infrared instrumentation.

We need Mechanical Engineers, Designers and Draftspersons with experience in:

Electro-Mechanical—Design of mechanisms for remote controlled manipulators. Design of precision translation and positioning systems.

Opto-Mechanical—Design of precision optics mounting systems. Mechanical design of laser systems. Design of airborne and spaceborne scanning systems. Design of optical alignment and test fixtures.

Vacuum Systems—Design of large, high vacuum chambers and pumping systems. Design of feedthroughs and manipulators for high vacuum applications.

Aerospace—Design of optical and mechanical systems for airborne and spaceborne applications.

Systems—Design of mechanical systems using optical, chemical, mechanical, vacuum and cryogenic technologies for government and commercial applications. Proposal formulation and product development.

5-10 years related experience. Mechanical or Electrical Engineering Degree preferred. Board experience and experience with CAD systems helpful. Knowledge of NASA and military design standards and procedures helpful.

Applicant must be a U.S. citizen and must be able to obtain a Security Clearance.

We offer a competitive salary/benefits package and a supportive environment conducive to professional achievement. Send your resume with salary requirements to: KMS FUSION, INC., P. Code 68-DEN, P.O. Box 1567, Ann Arbor, MI 48106-1567
