PONTIAC'S ALL NEW EXCITING 6000

Introducing a bold new challenger to the world's great road cars.
PONTIAC 6000 LE. This totally new Pontiac brilliantly merges impressive riding comfort with responsive handling.
Here's a road car with everything you want. Front-wheel drive. MacPherson strut front suspension. First-class fit and finish. A generous interior that comfortably seats five adults. And deluxe acoustical insulation.

Pontiac 6000 LE also offers an exclusive Pontiac-tuned suspension that rides as well as it handles. Up front, Electronic Fuel Injection speeds cold engine starting. Then precisely meters fuel to the standard 2.5 liter 4-cylinder engine delivering impressive economy and engine response.*
A 2.8 liter gasoline V-6 and a 4.3 liter diesel V-6 are available to satisfy your specific driving requirements.

PONTIAC 6000. For 1982, Pontiac 6000 offers all the handling and acoustical integrity of the LE, but at a lower price.
You get an automatic transmission, power steering and brakes, Delco-GM AM radio (may be deleted for credit) and reclinback front seating with center armrest. Plus your pick of the full range of available amenities. All helping to make Pontiac 6000 one of the world's great cars.
*See Facts and Figures section for EPA mileage ratings.
