b. Summary of proposed budget Water and Sewer Fund Revenues and Disbursements.
Mayor Brotherton opened the Public Hearing on the proposed 1970-71 budget and stated that Notice of Hearing had been printed in the local papers, and he asked for comments.
City Manager Dinan read the proposed 1970-71 budget summary of revenue and disbursements for the General Fund and Water and Sewer Fund as printed in the Public Hearing Notice.

City Manager Dinan said in his projections of the 1970-71 budget he not only utilized the low end of the spectrum but also utilized a projection of 11.000 to give added assurance that these revenues would be realized. The per capita for sales tax should range from $11.28 to $11.41. Intangible Tax $1.07. State income tax $3.90 to $4.06 and Motor Vehicle $6.90 per capita.
He also noted to the Council that once again the City Manager had been able to decrease the tax rate this year from 19.00 to 18.50 per thousand of assessed valuation and they commended him for his fine work on this budget.

CM-5-179-70 PUBLIC HEARING, DETROIT EDISON COMPANY RE: RATE CHANGES
Notice was received from Michigan Public Service Commission regarding application of the Detroit Edison Company for authority to amend its rate schedules governing the supply of electric energy. They state there will be a public hearing at 9:30 a.m. on May 25th which will be continued May 28th if necessary in the office of the Commission.
City Manager Dinan summarized the proposed rate changes as follows:
1. Eliminate all frozen rate customers.
Domestic: Increase last step lower 550 kwh per mo. from 1.5c to 1.6c per kwh.
All Electric: Increase next to last step (500 kwh to 800 kwh) from 1.5c to 1.6c per kwh and last step (over 800 kwh per mo) from 1.35c to 1.40c per kwh.
Primary: Replace the present standard primary rate and alternative primary rates with one primary rate applicable to all primary customers as follows per month: $4.00 per kw demand for first 200 kw; $3.65 next 800 kw; $2.50 next 9,000 kw; $2.00 excess, plus.
Street Lighting: Increase overhead incandescent installation by $2.00 to $4.00 per light per year.
City Manager Dinan stated that Detroit Edison Company was requesting an 18% increase for street lighting above their present rates, and this would cost the City of Farmington $360 per month or $4320 per year. The City Manager was of the opinion that this was an excessive increase in the street lighting rate and that the Public Service Commission should be notified of our objections.
Motion by Yoder supported by Richardson to direct the City Manager to send a letter to the Public Service Commission voicing the City Council's displeasure at the amount of this increase.
Motion carried, all ayes.
CM-5-180-70 LETTER FROM ARTHUR A. HAGMAN, EDITOR, OAKLAND COUNTY BOOK OF HISTORY REQUESTING CONTRIBUTION FOR ADVERTISING.
Letter read from Arthur A. Hagman, Editor, Oakland County "Book of History" stating that the majority of communities have taken advertising space as a means of directing economic development inquiries to their respective city offices. Those near the City of Farmington, are Waterford, 1 page; Farmington Township 1 3 page; Bloomfield Township, 1 3 page, etc. Since this book will become a collector's item and widely read by students and the general public, they think the City will find it worthy of their advertising support.
Motion by Yoder supported by Richardson that the City Council appropriate $75.00 towards a 1 2 page ad in the Book of History on behalf of the City of Farmington.
Motion by Richardson supported by Yoder to amend the foregoing motion to the effect that if time allows, the City should attempt to work out an equitable solution whereby the whole Farmington Community (City and Township) could take a full page ad. That City Council appropriate $75.00 towards this ad in Book of History.
Motion carried, all ayes.
REPORTS FROM CITY MANAGER
CM-5-181-70 REPORT ON AUTHORIZATION TO RECEIVE BIDS ON YEARLY SUPPLY OF GASOLINE FOR CITY REQUIREMENTS.
City Manager Dinan reported the City's contract for a year's supply of gasoline for fleet vehicles expires July 1, 1970. Therefore, it is necessary for the Council to grant authorization to receive bids for the new fiscal year's supply of gasoline.
City Manager stated that, in an effort to receive more competitive bids, he has looked into the possibility of combining the City's requirements with the Farmington School District, which would increase the City's volume and may possibly warrant a more competitive price. He stated that presently the School District does not have a formal sealed bid process, but relies on negotiated pricing for their supply. They may still want to utilize this method of purchasing their gasoline requirements, therefore, the City would probably have to set up this combined bid on an optional basis, subject to the School District approval.
Motion by Richardson supported by Yoder to authorize the City Manager to work with the Farmington Public Schools to negotiate a bid for gasoline requirements for fiscal year 1970-71.
Motion carried, all ayes.
CM-5-182-70 REPORT ON AUTHORIZATION TO TAKE BIDS ON WATER DEPARTMENT TRACTOR, BACKHOE, DUMP TRUCK AND PICKUP TRUCK.
City Manager Dinan stated the Water Department is in need of a new tractor and backhoe equipment which would replace an existing unit that is five years old. He stated the Department is anxious to receive bids for this replacement as soon as possible in order to improve their efficiency and general maintenance of the Water System, and also afford an existing piece of equipment for use by the Department of Public Works.
Secondly, the Department of Public Works is very anxious to order a new Dump Truck and Pickup Truck to be used as additional vehicles in the general operation of the Public Works Department.
Thirdly, the additional pickup truck will facilitate transportation of additional manpower during the summer months, when the City hires eight college students to work as additional help in the Department of Public Works.
Motion by Yoder supported by Richardson to authorize the City Manager to receive bids for a Water Department Tractor and Backhoe, and a DPW Dump Truck and Pickup Truck.
Motion carried, all ayes.
CM-5-183-70 ORDINANCE GENERAL PROHIBITIONS FOR FIRE BURNING City Manager Dinan submitted a copy of an ordinance that had been prepared by the Beautification Committee in an effort to strengthen the City's ordinances and regulations pertaining to prohibition of fire burning and open fires.
Mr. Dinan stated that presently the City is operating under a General Nuisance Ordinance in prohibiting fires, which makes it difficult to enforce and prosecute under such a general term. He stated this ordinance encompasses all open burning of leaves, rubbish, trash, wood, or other combustible materials, and would apply to all open burning throughout the City, unless a permit is issued by the Department of Public Safety, and only then, if certain conditions are met.
Motion by Richardson supported by Yoder to refer the matter of the Fire Burning Ordinance to the City Manager, to work in conjunction with the City Attorney and Director of Public Safety, to ascertain if a special ordinance that would be fair to all could be drafted and presented at the next Council meeting.
Motion carried, all ayes.

COMMENTS
Councilman Richardson asked the City Manager if Petitions and Communications, normally covered individually on the Council Agenda could not be covered under one blanket item in order to save time. City Manager Dinan told him it was entirely possible and he would make an effort to streamline the procedure at the next meeting.
Councilman Richardson mentioned an article he had read in a newspaper recently that said United Northwestern Realty Association, Western Wayne County Board of Realtors has reflected price increases along the line, and average prices on sales of homes in Farmington and Farmington Township in 1968 was $29,816.00 and in 1969 $32,742.00 which represents a 9.8% increase. He then wondered how the City was increased from 1.15% to 1.28% representing a 13% increase.
City Manager Dinan told him he was probably talking about 1968 1969. Actually the Oakland County Equalization Board takes a three year period. In this particular three years it would include 1967, 1968 and 1969 of which they take an average, so he thought perhaps the years 1967 and 1968 were higher than in the years 1968 and 1969.
Councilman Allen asked the City Manager to look at the street lighting on Shiawassee. It said one of his neighbors complained that Detroit Edison had cut down the number of poles, the number of lights and the wattage of the lights. He asked the City Manager to report at the next meeting as to what could be done about this.

Empty lawnmower and outboard fuel tanks and let air for a few days but recap for the move.
