PEAK HOURS • PEAK SALARIES • PEAK ADVANTAGES

You Can Bank On It!

START AS HIGH AS $10.06 PER HOUR
After Completion of Our Paid Training Program

First of America Bank introduces a bold new concept...a part-time option for people who prefer to work part-time rather than full-time.

This exciting new part-time option is convenient and profitable. Starting rates are from $7.33 to $10.06 per hour depending on the hours in the schedule you select. We offer a variety of reliable set schedules from 1-5 days, and 8-19 hours per week. Generally, the fewer hours you work, the more you earn per hour.

No Experience Required

We offer a paid training program, so previous teller experience is not required. And, we recognize the value of your experience at home, from volunteer work, or on the job. Our four week, full-time training program will teach you all you'll need to know to become a successful teller.

FOA's Peak Time option is ideal for busy people who want the convenience of part-time work, with the financial rewards of peak hourly rates.

Experienced Engineers and Designers:

This is your invitation to join the Ford Body Engineering Team

To remain at the forefront of the competitive global market, Ford Motor Company is reaching beyond today's expectations to develop solutions to tomorrow's tough challenges.

We are assembling a top-notch team of experienced engineers and designers to take a leadership role in the future of Ford. If you have the drive and determination, and possess the following qualifications, consider joining the Ford Body Engineering Team in Dearborn, Michigan.

Finite Element Engineers

We prefer the following experience and qualifications:

- M.S. or Ph.D. in engineering mechanics, mechanical, civil, or related field
- Two years' experience in automotive body structures analysis using MSC/NASTRAN (or ANSYS) and PATRAN
- Thorough knowledge of linear and nonlinear static, and dynamic analysis
- Experience in ABAQUS, RADIOSS, DYNA, PDGS/FAST, etc.
- Excellent communication skills

Product Engineering Designers

We prefer the following experience and qualifications:

- Body sheet metal or structures design
- 3D graphics
- Math surface development experience
- BSME or related engineering degree

We offer opportunities for personal and professional growth, state-of-the-art graphic facilities, excellent salary and benefit packages, and the opportunity to become a member of the respected Ford Body Engineering team.

Let your experience take you into the future with Ford Motor Company. For immediate consideration, please forward your resume to us today. Ford Motor Company employees on layoff who meet these qualifications should contact their local personnel activity for information on how to apply for these positions. PLEASE APPLY BY FAX ONLY, indicating desired position.
