WHEN WAS THE LAST TIME YOU TESTED YOUR SMOKE DETECTORS?

Last month? Last year? Can't remember. If you're not sure your smoke detectors are working, then how can you be sure you'll be protected if a fire breaks out?

Don't gamble with your life and assume your smoke detectors are working. Test each one, every month, so you'll know they'll be ready to protect you and your family if there's a fire.

Test your detector for life.
