MISS L. A. AULT
Phone GR. 4-4294

A lively session of the Sunshine Sisters was held in Neighborhood Church last Wednesday afternoon. The devotional service included an interesting Bible quiz. Reports indicated that there are fewer cases of illness in the community than at any time for months. There was an earnest discussion on the subject of Christian giving and it was urged that more intelligent thoughtfulness and unselfishness be shown in remembering the unfortunate. A number of true life stories illustrating the facts were given by the ladies present. Finally, refreshments were served and enjoyed by all.

BOYS AND GIRLS attending "Recreation" at Tyler School conducted another parade Friday afternoon. Gaily decorated bikes and doll buggies added much color to the procession which took a route through Spring Valley subdivision. Prize winners were awarded. In handicraft the children are industriously making key holders and pot holders for their parents, grandparents, uncles and aunts.

Handicapped persons need food, clothing and shelter during the vacation season as well as during other months of the year. Please do not neglect getting together your household discards for the next collection by Goodwill Industries which will be Monday, July 25. A well-filled bag is usually the equivalent of several hours of employment for a handicapped man or woman. To arrange for a pick-up call Miss Lora Ault, GR. 4-4294.

Thompson Sees U-W Campus

Richard W. Thompson, son of Mr. and Mrs. W. J. Thompson 33921 Salem Road, Farmington, visited the University of Wisconsin campus during the past week to register for UW studies to be started with the opening of the University's school year in September.

Richard was taking advantage of the UW's summer advance-registration-orientation program for new freshmen, now in its third week for this summer. The program was established to help young people make their transition into University life easier both for themselves and their parents.

This summer's advance registration-orientation program continues through August 5. Under it, the young men and women visit the campus for at least a day, often with either their mothers or fathers or both parents, arrange for their housing if that is not already done, take some placement tests, meet some student leaders and faculty members, and register for their coming University studies designed to lead them into their life careers. They can also make use of the UW's valuable Student Counseling Services.

Next autumn the new students return to the UW campus Sept. 7 to continue their orientation and complete their registration for studies. Their classes begin on Monday, Sept. 12.

Sticks and stones may break your bones while on vacation but a knowledge of basic first-aid will help you to get your injuries safely to a doctor. The Institute for Safer Living says that knowing resuscitation, treatment for burns, how to deal wound, what to do for poisons, snake or insect bites is important to your own vacation safety as well as to others who may be vacationing with you.
